Please Stop This Expansion! We are suffering as home owners, Parents, working at home 24/7 These Low/Loud Planes are going over our homes. Please change the flight path around the mountains like it was 50 Years ago. We never voted on these planes going over our neighborhood. It is ruining our sleep patterns, work at home schedules, Zooms, exercise, meals, Peace of mind...They don't respect 10pm-7am all night long waking us up.
