Dear Participants In & Accomplices To The West Los Angeles VA Soldiers Home Racket:

See attached excerpts of a purported Easement.

Apparently the only times a criminal Racket doesn't call it what it is, namely a National Soldiers Home for Disabled and Homeless Veterans - is while communicating with U.S. Military Veterans... Those Peoples Los Angeles County Metropolitan Transportation Authority worked so hard to avoid reaching out to, as readily and abundantly demonstrable.

Today and for the foreseeable future, children in the U.S. learn about criminals who abused the Public at great cost of life, liberty and General Welfare... Especially among classes of Peoples whose Civil Rights they violated. At bare minimum, I believe that is what the participants in this Racket will inherit. Considering how many years of illegal development the Racket must bear through this project, how much traffic and frustrations it's construction will progressively cause and how much awareness of fact will grow regarding the disabled and homeless Veterans Civil Rights and freedoms the Racket conspires against at taxpayers expense... I believe that minimum will be exceeded.

Let's acknowledge that if the foregoing was false or of no shameful concern to the Racket, then why has it conducted years of fraudulent planning in near total secrecy? What motivation then had U.S. Department of Veterans Affairs Secretary Denis McDounough to visit the West Los Angeles VA Soldiers Home in secrecy to execute an illicit easement, but have someone else sign it for him and never publicize such an occurrence?

It's already rather apparent how many Public Officials have failed the United States, it's Bill of Rights, Constitution and most importantly, it's People... All for what? A subway intending to increase traffic for the Summer Olympics franchise owned by Casey Wasserman?

So much more to say, but then again, many of you already know it; if not long before I did.

Put your flags at half mast, for a decade... Until and unless RICO Prosecutions are engaged. The West Los Angeles VA Soldiers Home Racket may be our Country's greatest test of our Federal Law Enforcement Agencies and Inspector Generals' capacity and interest in defending U.S. Military Veterans and Federal Taxpayers from white collar criminals and Public Corruption.

Sadly,
