Subject: [NHDVS] Who We've Yet To Hear From Regarding Veteran Homelessness In L.A. County

To:

On June 4th, 2021 - VA Greater Los Angeles Healthcare Executives hosted a discussion between them, disabled homeless Veterans and local resident Veterans advocates at the West Los Angeles VA Soldiers Home. Amid those executives holding hundreds of meetings over the past decade, with special interest lobbies representing illegal WLA VA land mis-users causing Veteran homelessness in Los Angeles County - this is the first meeting WLA VA executives have had with the disabled homeless Veterans principally entitled to immediate housing and services at the Soldiers Home, but are consistently denied it...

<https://drive.google.com/file/d/1H61N4szeGlqNaiFpilOdLhjwBR9fRUo/view?usp=sharing>

... Emotions ran high at the event - because a massive, developer-funded propaganda campaign the executives cater to is negligently misinforming the Public that WLA VA makes great efforts to offer housing and services to homeless Veterans, but those Veterans do not want any of it... At best, they purport the Veterans are "Service Resistant".

The intent of such propaganda is to: a) evict enough disabled homeless Veterans from the WLA VA Soldiers Home to feign underutilization levels facilitating privatizing the entire Soldiers Home (illegally), b) enrage the local community into criminalizing and prosecuting homeless disabled Veterans near the Soldiers Home, so their presence no longer draws attention to the land mis-use Racket's frauds. Some of the problems resulting from that propaganda include a buildup of evicted and denied homeless Veterans outside the Soldiers Home, reckless drivers speeding past their tents while screaming obscenities at them, constant surveillance, harrassment by certain law enforcement officers, sherriffs and bulldozers special interest groups call in to destroy tents, anonymous threats Brentwood Community Council Board Members make against persons providing homeless disabled Veterans food; and subversive efforts to remove the homeless disabled Veterans' only bathrooms and waste disposal bins. The psychological stress of experiencing the foregoing is often compounded by PTSD and TBI.

I hope this video provides insight and understanding of disabled homeless Veterans from the perspective of those a massive Racket never wants you to hear about it from... The disabled homeless Veterans it's criminalizing.

Soon you'll receive an updated version of this video that will provide a deeper understanding of the issues discussed in it.

Thank you for beginning to listen to people that others have been misinforming you about. Over 4,200 disabled homeless Veterans lives depend on being heard, including the lives of those in this video.

P.S. - You may have seen National Press coverage detailing U.S. Department of Veterans Affairs Secretary Denis McDonough's recent visit to a VA in St. Cloud, Minnesota. What you never saw news about yet, is Secretary McDonough's visit two-weeks ago; to the largest VA facility in the Country, with the largest operations budget, in the Nation's Capital of Veteran homelessness... The West Los Angeles VA Soldiers Home. I can only guess that's because Denis doesn't want you to know he flew in to sign a deal for an illegal, \$1,300,000,000.00, 100% Taxpayer Funded Purple Line station at the West Los Angeles VA Soldiers Home; that UCLA and Casey Wasserman's 2028 Summer Olympic Franchise wants running 8,000 trips per day by the opening ceremony. Maybe suddenly we'll see an announcement (or excuse) about the once-secret visit coming soon.

Best regards,

Ryan Thompson
