Hi Michael,

This is an email in regards to a letter received for the vacation portion of the alley next to our 992 E. 42nd St property (VAC-E1400772).

I would like to comprehend exactly what they are trying to do with the alley portion as this is a concern since this alley is utilized as a driveway. Our lot parking entrance is via the alley. We are not the only residents who use this alley as a driveway. My father Edgar Villanueva previously attended council meetings and provided pictures.

I would appreciate the clarification regarding this matter.

Greatly appreciated,
Stephanie Villanueva
