|------------------|------------|-----------|
|                  | <u>Yes</u> | <u>No</u> |
| Public Comments: | <u>XX</u>  | <u>—</u>  |

CATEGORICAL EXEMPTION and PUBLIC WORKS COMMITTEE REPORT relative to vacating the alley (subsurface vacation) southerly of Lindbrook Drive from approximately 150 feet easterly of Glendon Avenue to 130 feet easterly thereof (VAC E1400982).

Recommendations for Council action:

1. FIND that the vacation of the alley (subsurface vacation) southerly of Lindbrook Drive from approximately 150 feet easterly of Glendon Avenue to 130 feet easterly thereof, is exempt from the California Environmental Quality Act of 1970, pursuant to Article VII, Class 5(3) of the City of Los Angeles Environmental Guidelines.
2. ADOPT the FINDINGS of the City Engineer dated March 24, 2006, as the Findings of the Council.
3. ADOPT the accompanying City Engineer report dated March 24, 2006 to approve the vacation.
4. AMEND the March 24, 2006 City Engineer report to modify the last sentence in Recommendation A to read:

The limited subsurface vacation of a portion of the alley southerly of Lindbrook Drive from approximately 150 feet easterly of Glendon Avenue to 130 feet easterly thereof lying below the finished surface of the alley to a datum plane lying approximately 57 feet below.

5. INSTRUCT the City Clerk to set a public hearing date for **June 28, 2006**.

Fiscal Impact Statement: The City Engineer reports that the petitioner has paid a fee of \$6,420.00 for the investigation and processing of this request pursuant to Section 7.42 of the Los Angeles Administrative Code (LAAC). Any deficit fee to recover the cost pursuant to LAAC Section 7.44 may be required of the petitioner. Maintenance of the public easement by City forces will be eliminated.

SUMMARY

The City Engineer reports that the area sought to be vacated is the alley (subsurface vacation) southerly of Lindbrook Drive from approximately 150 feet easterly of Glendon Avenue to 130 feet easterly thereof (a map of the area is included as Exhibit A in the March 24, 2006 City Engineer report and is attached to the Council file). The purpose of this vacation request is allow for the construction of a below grade parking structure in connection with a mixed-use development northerly of the vacation site. The City Planning Department on September 30, 2004, under Case No. ZA 2004-4607 conditionally approved this mixed use development. This vacation procedure

is being processed under procedures established by Council on March 5, 2002 as detailed in Council file No. 01-1459.

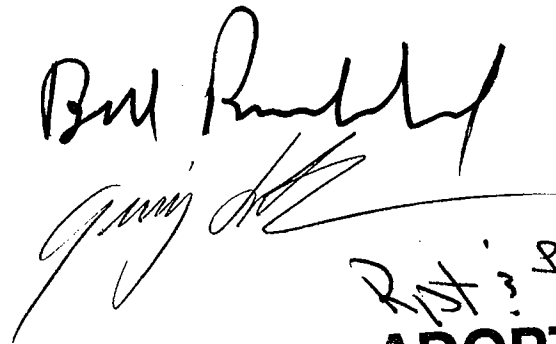

Furthermore, according to the City Engineer, the vacation of the public street areas as shown on the map designated as Exhibit B could be conditionally approved based upon the following: 1) it is unnecessary for present or prospective public use; 2) it is not needed for vehicular circulation or access; and 3) it is not needed for nonmotorized transportation purposes.

At its regular meeting held on May 17, 2006, the Public Works Committee considered the recommendations of the City Engineer as contained in its February 16, 2006 report. After having provided an opportunity for public comment, the Committee moved to recommend approval of the recommendations as contained in said City Engineer report and detailed above in Recommendation Nos. 1, 2, 3, and 5. Additionally, the Committee moved to recommend amending the March 24, 2006 City Engineer report to modify the last sentence in Recommendation A to read "...the alley to a datum plane lying approximately 57 feet below."

This matter is now submitted to Council for its consideration.

Respectfully submitted,

PUBLIC WORKS COMMITTEE
