Honorable Members of the City Council

Subject: **TIME WARNER PREMIUM PACKAGE RATE INCREASES IN
FRANCHISE AREA A**

Dear Councilmembers:

This letter is in response to the Motion – Ridley-Thomas/Weiss (Council No. 06-1029) wherein the Information Technology Agency (ITA) was instructed to notify Los Angeles elected officials of any proposed cable television service and /or rate adjustments. This notice provides information pertaining to cable television service changes to be implemented by Time Warner Franchise Area A (West San Fernando Valley). Subscribers affected by this change reside in Council District 3 (Zine); Council District 5 (Weiss); Council District 6 (Cardenas); and Council District 12 (Smith). The proposed program changes will not impact regulated service levels as defined by the Federal Communications Commission.

Commencing March 1, 2007, Time Warner, in an effort to standardize pricing in the Southern California region, will increase prices of their premium tier programming. This proposed rate increase will align Franchise Area A premium tier pricing with the Time Warner Franchise Areas B, D, F, G, H, I, J, K, L, and M. (See Attachment A.) Under federal law, the City can only regulate rates a cable company charges for its basic service and equipment. "Basic service", in this case Limited Basic, means the lowest level or "tier" of service available to the subscriber. These proposed rate increases fall outside of the City's regulatory authority. The following is a summary of the proposed rate adjustments.

<u>SERVICE</u>	<u>CURRENT PRICE</u>	<u>NEW PRICE</u>	<u>CHANGE</u>
First Premium	\$11	\$15	\$4
Second Premium	\$9	\$12	\$3
Third Premium	\$7	\$10	\$3
Fourth & Additional Premium Services	\$7	\$10	\$3

Time Warner had provided a previous notice to the City of varied rate increases in Franchise Areas B, D, F, G, H, I, J, K, and L in its effort to standardize pricing in Southern California; however, Time Warner delayed the implementation of the rate increase in Franchise Area A. Please see our previous notice on this matter dated 11/20/06. (See Attachment B - SPP-876-06.)

Background

In response to the financial difficulties experienced by Adelphia and other documented improprieties of its founders, the Los Angeles City Council directed ITA to notify all City Council members, the Mayor, the City Controller, and the City Attorney of any proposed cable television service and/or rate changes to be implemented by the City's cable television operators.

Fiscal Impact

The proposed service changes will impact franchise fees paid to the City.

RE: Premium Services Rate Change

Dear Mr. Simmons:

In our ongoing efforts to keep you informed of changes affecting our customers, I am writing to let you know that as part of standardizing our rates throughout the Southern California region, the rate for premium services in your community will increase starting March 1, 2007. Although this means an increase for some customers in your community, this adjustment will result in a consistent price for the same service for all of our customers. Below is a list of premium rate changes:

	<u>Current</u>	<u>New</u>	<u>Change</u>
First Premium Service	\$ 11	\$15	\$ 4
Second Premium Service	\$ 9	\$12	\$ 3
Third Premium Service	\$ 7	\$10	\$ 3
Fourth & Additional Premium Services	\$ 7	\$ 8	\$ 1

As you may know, Digital customers who subscribe to premium channels also have access to Premiums On Demand at no extra charge. This means that subscribers can access their favorite shows and movies at any time through the Video On Demand menu. Time Warner Cable's premium services also include a high-definition feed at no additional charge, plus more channels than satellite. Below is a comparison of the number of premium channels offered by each operator.

	<u>Time Warner</u>	<u>DirecTV</u>	<u>Dish</u>
Number of HBO Channels	10	7	8
Number of Showtime Channels	15	9	10
Number of Cinemax Channels	9	3	0
Number of Starz Channels	7	4	8

Customers will be advised of this increase via letter notifications, thirty days prior to the rate change taking effect. Digital and Analog customers will receive slightly different versions. I have enclosed a sample letter and accompanying materials of each for your information. If you have any questions or concerns, feel free to contact me on (818) 998-2228.

Sincerely,

Honorable Members of the City Council
City of Los Angeles
Room 395, City Hall
Los Angeles, CA 90012

Subject: **TIME WARNER CABLE SERVICE AND RATE CHANGES
(COUNCIL FILE 06-1029)**

Dear Councilmembers:

This report is in response to Motion – Ridley-Thomas/Weiss (Council File No. 06-1029) wherein the Information Technology Agency (ITA) was instructed to notify Los Angeles elected officials of any proposed cable television service and/or rate adjustments. This notice provides information pertaining to programming and rate changes that will be implemented by Time Warner Cable in franchise areas A, B, C, D, F, G, H, I, J, K, L, and M. Subscribers affected reside in Council District 1 (Reyes); Council District 2 (Greuel); Council District 3 (Zine); Council District 4 (LaBonge); Council District 5 (Weiss); Council District 6 (Cardenas); Council District 7 (Padilla); Council District 8 (Parks); Council District 9 (Perry); Council District 10 (Wesson); Council District 11 (Rosendahl); Council District 12 (Smith); Council District 13 (Garcetti); Council District 14 (Huizar) and Council District 15 (Hahn).

As part of its transition effort, Time Warner will streamline programming packages in the newly acquired franchise areas. This initiative will result in tiering changes, channel additions, and channel deletions. These changes were initiated in October 2006 and will continue through January 2007. Federal law allows cable companies to add, move, and/or delete channels from a tier, so long as the cable company provides a 30-day notice to the subscriber and to the City. Time Warner complied with this federal standard.

Additionally, Time Warner will increase rates for selected premium services and installation effective December 1, 2006. Under federal law, the City can only regulate rates a cable company charges for its basic service, equipment, and installation charges. These proposed rate changes impact premium services which may not be

regulated by the City. ITA staff has reviewed the proposed installation rate increases and found those rates to fall within the guidelines established by the Federal Communications Commission (FCC). Please find attached a list of the scheduled changes for the affected franchise areas.

Background

In response to the financial difficulties experienced by Adelphia and other documented improprieties of its founders, the Los Angeles City Council directed ITA to notify all City Council members, the Mayor, the City Controller, and the City Attorney of any proposed cable television service and/or rate changes to be implemented by the City's cable television operators.

Fiscal Impact

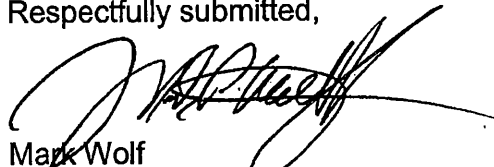

Possible impact if subscribers wish to upgrade or downgrade due to new channel line-ups.

Recommendation

This report is provided for information only. Please note and file.

Questions regarding this information may be directed to Richard Benbow of the Consumer Services Division at (213) 922-8367.

Respectfully submitted,

Mark Wolf
Assistant General Manager
