**Comments for Public Posting:** Spay and Neuter of small animals like rabbits are so essential to keeping the rabbit population controlled and done prior to adoption. Unwanted rabbits are thrown outside and are often killed due to dehydration and starvation, predators or run over by vehicles. This can be decreased by the spay/neuter of adoptable rabbits so the situation is not created in the first place. Additionally, vouchers should be provided to Rescue organizations to manage and decrease the homeless animal population. It is the county's duty to spay/neuter rabbits.

**Comments for Public Posting:** Requiring pet rabbits be spayed/neutered can help reduce rabbit populations in the shelter over time. The fixing procedure for rabbits is highly expensive, so the discount vouchers should analyze market costs and provide a fair voucher that covers most of the cost.
