Neighborhood Council: MacArthur Park Neighborhood Council

Name: Manuel Negrete

Phone Number: 310 593 3661

Email: [negretemanuel@hotmail.com](mailto:negretemanuel@hotmail.com)

Date of NC Board Action: 12/08/2008

Type of NC Board Action: Against Proposal

Impact Information

Date: 12/09/2008

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 08-2795

Agenda Date: 10/28/2008

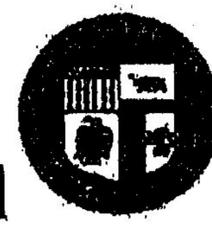

Item Number:

Brief Summary: Oppose due to the plan being written by and for DWP employee unions and would lock out companies that specialize in rooftop solar panels. This would only secure DWP employee unions to maintain a monopoly in the installation of these panels at a higher cost to the ratepayers. MPNC supports the concept of Solar Power, but not on the backs of the ratepayers.

Additional Information: 1 Dissension: "I [Jennifer Gill] oppose because we are still at a development stage. DWP would be capable of 'warranties.' The other vendors are 'not necessarily' dependable."

On December 8, 2008 MacArthur Park Neighborhood Council (MPNC) voted on a Community Impact Statement on Council File 08-2795 .

The vote was 8 Approve, 1 Oppose and          Abstain.

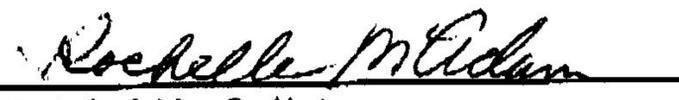

The statement is as follows:

**Oppose due to the plan being written by and for DWP employee unions and would lock out companies that specialize in rooftop solar panels. This would only secure DWP employee unions to maintain a monopoly in the installation of these panels at a higher cost to the rate payers our constituents. MPNC supports the concept of Solar Power, but not on the backs of the rate payers. MPNC would like to see City Council and the Mayor place a greater emphasis on private-sector solar initiatives.**

Dissension:

**"I [Jennifer Gill] oppose because we are still at a developmental stage. DWP would be capable of 'warranties.' The other vendors are 'not necessarily' dependable.**

NOTED AND APPROVED:

  
Rochelle McAdam, President

EFFECTIVE DATE: December 8, 2008
