Subject: Fwd:Letter in SupportHillside Area Ord for PLUM

September 14, 2009

Dear Chairman Reyes Councilman :

A Big Thanks for Last Tuesday's, Planning & Land Use Management Committee approval the Hillside Area Ordinance, which is the technical amendment that determines what is a hillside lot and what is not.

The Committee's recommendation to the full City Council to adopt this code revision and map change is an important step in moving us closer to having a Baseline Hillside Ordinance in place protecting our hillside properties.

. As you know, The Baseline Hillside Ordinance itself is currently in the drafting stages of the legislative process and should be ready for public review in about three months. You and the members acknowledged the wide spread public support for the Baseline Hillside Ordinance.

The next step for citizens is to attend the City Council Meeting at which the above amendment comes up for a vote.

We support this amendment as another step against the blight of mansionization and hope you will as well.

Your truly,

Ann Beisch
