Dear Mr. White,

Please include my support for increasing the dog and cat limits to 5 as a part of the public record. As many have stated, there are a variety of local examples where the limits are higher, or non-existent, and problems are no more rampant than with lower limits. Even the City of Pasadena is 4 cats and 4 dogs.

The increased limit allows more responsible pet owners to take care of a few additional animals and also allows for much needed foster opportunities in LA City.

Best Regards,

Carolee Reiling
