Dear Mr. White:

I am writing to express my support of the proposed pet increase which would raise the number of dogs and/or cats that a City resident may legally have from 3 to 5. The change in this law will save countless lives of dogs and cats by allowing those who are willing and able to provide homes to additional cats and/or dogs. Individuals interested in fostering pets, but who are currently in fear of being over the legal limit would now be able to do so without fear of breaking the law. In addition, the increase will generate revenue for the City through additional licensing and adoption fees.

Thank you,
Tracy Burke
