Subject: Opposition to increase in dogs/cats per residence

Council members,

Please know that as a resident in the MRacle Mile, I'm opposed to the proposition currently being discussed that would allow residents to increase the number of pets from three to five. I don't agree with the assertions that it would decrease the number of pets in shelters, however, I believe it would increase the potential for safety issues within residences, increase potential noise violations from louder animals, as well as increase the potential for animal cruelty.

Thank you.

Alex Collins
