Dear John,

I'm requesting that the following message be attached to the city council's record, file #10-0982. I've left this message with both Councilmembers Hahn and Smith:

I'm wanting Councilmembers Hahn and Smith to support Rosendahl's and Koretz's pet-increase proposal and go even further by using the progressive animal model used in San Diego City and County to amend the proposal, calling for a no-cat limit, and a 6-dog limit per residence.

Thank you.

Sincerely, Carmen Frost
