Dear Councilman Smith:

RE: CF 10-0982 – Increasing Dog/Cat Limits in the City of Los Angeles (OPPOSITION)

We are writing to ask you and the members of the Public Safety Committee to NOT APPROVE the subject motion, which would allow up to ten animals (five dogs and/or five cats) per property.

As the Secretary of the Parent Advisory Council of Burlington Community and Housing Development and a parent we are all struggling in our daily lives to feed our children and maintain sanitary, quiet and safe housing. I believe that increasing the number of dogs and cats in this very dense community would create many hazards to health and safety.

We urge you to consider the overall impact on many communities similar to ours and to vote "NO" on this unsafe and unwise proposal.

Camielyn Mabolis
Secretary of Parent Advisory
