I am writing you all as both a Los Angeles County volunteer and an animal law mediator (one of only 3 in the state). I am asking you to vote **IN FAVOR** of passing this bill and expanding the limits on animal ownership.

There are no words to describe the holocaust which occurs daily in any of our shelters. And while there are irresponsible companion animal owners everywhere, those of us who do not want such a low limit placed on the animals whose lives we can save. Enforcement of current regulations should be the focus of a campaign, not limiting the amount of animals.

I look forward to your responses.

Sincerely,

Shelley MacEwen CDR, MDR
