Dear Ms Lattimore,

I have just send councilmember's Reyes, Krekorian, and Koretz Letters on our opposition for any zone change or

increase in animals. We already have enough in the shelters, Bringing Breeders and Hoarders into our neighborhoods will not help. This is not a bill to help animals, it is to line the pockets of people who make a living off of selling animals or mistreating them.

thanks for listening

Amy Galaudet
