Bureau of Engineering

Subject: Renaming of Community area as Northridge – CF 11-0584

The Bureau of Engineering has reviewed the application submitted to change the community name of a neighborhood in the north central San Fernando Valley. The application proposes renaming the neighborhood as part of the existing community of Northridge.

This area is generally within what is considered the North Hills community and is entirely within Council District 12.

The properties currently are generally within zip code 91343 with a portion of the area in the Northridge East neighborhood council area and a portion in the North Hills West neighborhood council area. The area identified by the applicant lays in the community plan areas of Northridge and Mission Hills-Panorama City-North Hills.

The attached maps shows the parcels in the area that are proposed to be included in the new community as shown on the application and the boundaries of the council districts, community plans, historical community boundaries and the neighborhood councils.

The Bureau of Engineering has no additional pertinent information concerning the historical use of this name for this neighborhood in the community.

Contact Randy Price at (213) 482-7120 if you have any questions or need further assistance in this matter.
