

**CITY OF LOS ANGELES**  
INTER-DEPARTMENTAL CORRESPONDENCE

Date: July 21, 2011

To: Shannon Hoppes, Acting Chief  
Council and Public Services Division

From:  Todd Gaydowski, Division Manager  
Records Management Division

**SUBJECT: NAMING / RENAMING OF A COMMUNITY**  
**(COUNCIL FILE NO. 11-0584)**

I have reviewed the Indexes to the City Council Records and the City Archives records inventory database for reference to Northridge, North Hills, and to the area roughly boarded by Lassen St. on the north, Plummer St. on the South, Woodley Ave. on the east, and by Bull Creek Wash on the west. There are references to Northridge dating back to 1950 and references to North Hills dating back to 1986.

Council File 93-1628 set forth in a draft ordinance proposed boundaries for various communities in the Valley, including Northridge and North Hills. The area in question is located in North Hills in an area adjoining Northridge by the draft ordinance. However the draft ordinance was never approved by the City Council.

I found no other records pertaining specifically to the area in question.
