

Megan Cottier told me to write you concerning our Community Name change regarding our petition.

I was just looking over the petition we submitted. We wrote that our property values and issues were not the same as North Hills. I was quite naive in my statement and would like it corrected.

The reason we wanted the Community Name Change was mainly that our Woodley Hills does not send their children to North Hills Schools. We do not shop North Hills. We shop mainly in Granada Hills, Northridge & Chatsworth. We are a single family R-1 community with no business or apartments. Our residents identify more with Northridge as Northridge more closely represents our community interests and the socio-economic background of the area.

We would like this put into the record. If there is more information you require please advise.

Thank you,
Estelle Goldman
