**Comments for Public Posting:** So let me get this straight. First you send out an email through the monthly, now the nc assistants are sending us individual emails and parroting a script in our meetings even going so far as try to butt in on board discussion. I hope the city council is paying attention to how completely inappropriate this is. Frankly it's pathetic. We keep telling them that DONE is focusing on anything except actually helping us. And you keep proving us right. I have never seen anything like this in my 5 year involvement with my neighborhood council. Out of control and out of your mind to think this is helping your reputation among the neighborhood councils. I am going to make sure Mr. Caruso and Ms. Bass are each briefed.
