Subject: **2011-12 OPERATION ALCOHOL BEVERAGE CONTROL (ABC) AWARD**

---

### SUMMARY

The Los Angeles Police Department (LAPD) is seeking retroactive approval to apply for and accept a \$100,000 grant award for the 2011-12 Operation Alcohol Beverage Control (ABC) Program from the State of California, Department of Alcoholic Beverage Control (State) for the period July 1, 2011 through June 30, 2012.

Under the grant agreement, the State will reimburse the City for expenses incurred as follows:

Sworn Salaries	\$ 63,066
Sworn Overtime	32,784
Training	1,650
Equipment	<u>2,500</u>
Total	<u>\$100,000</u>

The major objective of Operation ABC is to enforce alcohol laws and to prevent and/or discourage illegal drugs in ABC licensed businesses, sales of alcoholic beverages to minors, intoxicated patrons, illegal solicitation of alcohol and other related criminal activities. Operation ABC also provides training for alcohol retailers to educate licensees and their employees in promoting the responsible sale, service and distribution of alcoholic beverages.

The LAPD employs on a continuing basis two Police Sergeants to coordinate Operation ABC. The LAPD will utilize \$63,066 to finance 60 percent of the salary costs of one Police Sergeant and \$32,784 to provide overtime to sworn personnel. The majority of the funding for this Program is provided in the City's General Fund. Although no matching funds are required for this grant, the City must cover the additional sworn salary and all fringe benefits costs of the two Police Sergeants. These costs are already included in the 2011-12 Adopted Budget and do not represent any additional General Fund impact since these positions are filled by existing LAPD personnel. Further details on the grant are provided in the attached correspondence from the Board of Police Commissioners dated July 5, 2011.

## RECOMMENDATIONS

That the Council, subject to the approval of the Mayor:

1. Authorize the Chief of Police or designee to retroactively apply for and accept the 2011-12 Operation Alcohol Beverage Control (ABC) Grant in the amount of \$100,000 from the California Department of ABC for the period of July 1, 2011 through June 30, 2012;
2. Authorize the Chief of Police or designee to execute the 2011-12 ABC Grant Agreement on behalf of the City and submit all necessary documents relative to the grant award and to negotiate, execute and submit any other necessary agreements and documents relative to the grant, subject to City Attorney approval as to form and legality;
3. Authorize the Los Angeles Police Department (LAPD) to submit grant reimbursement requests to the grantor and deposit grant receipts in the Police Department Grant Trust Fund No. 339, Department 70;
4. Authorize the LAPD to spend up to the grant amount of \$100,000 in accordance with the grant award agreement;
5. Authorize the Controller to:
  - a. Establish a grant receivable in Fund 339 in the amount of \$100,000 and establish an appropriation account, account number to be determined, within Fund 339, Department 70 for the receipt and disbursement of grant funds;
  - b. Increase appropriations on an as-needed basis as follows:

From:

<u>Fund/Dept</u>	<u>Account No.</u>	<u>Account Name</u>	<u>Amount</u>
339/70	70XXXX	2011-12 ABC Grant	\$95,850

To:

<u>Fund/Dept</u>	<u>Account No.</u>	<u>Account Name</u>	<u>Amount</u>
100/70	001012	Sworn Salaries	\$63,066
	001092	Sworn Overtime	32,784
6. Authorize the LAPD to prepare Controller's instructions for any technical adjustments, subject to the approval of the City Administrative Officer, and authorize and instruct the Controller to implement the instructions.

## **FISCAL IMPACT STATEMENT**

Approval of the recommendations within this report will allow for the expenditure of the 2011-12 Operation Alcohol Beverage Control Grant award totaling \$100,000. There is no impact to the General Fund as a result of these actions. These actions are in compliance with the City's Financial Policies in that grant funds are sufficient to support the grant activities.

## DISCUSSION

This is the 16<sup>th</sup> year of funding for Operation ABC. The grant award would provide continued funding for the Citywide implementation of Operation ABC for Fiscal Year 2011-2012. Operation ABC is a comprehensive enforcement and prevention effort to identify disorderly outlets, reduce ABC violations and alcohol-related crimes, and to address the ABC-related quality of life issues. This project will include a wide range of strategies including training, education, and planning.

With almost 6,000 ABC licensed locations, the City accounts for almost 40 percent of all licenses in Los Angeles County, more than all other counties statewide. In addition, the immense population of Los Angeles and a shortage of police officers make it difficult to oversee and maintain compliance with all ABC locations. Operation ABC will continue to focus on one centralized office that collects and exchanges information for government and community purposes, provides training to all stakeholders and conducts enforcement operations to reduce the recurrence of alcohol related problems Citywide.

The LAPD will continue current efforts by replicating effective practices and expanding upon proven methods such as Standardized Training for Alcohol Retailers, Shoulder Tap, Minor Decoy, and Drunk Decoy. Since the project was initiated in 1996, Operation ABC has closed more than 89 non-compliant outlets, which has had a corresponding positive impact on the quality of life in the surrounding neighborhoods. Another area of concern is the number of new licenses being issued in Los Angeles. The Responsible Retailer Program

The Honorable Board of Police Commissioners

Page 3

1.17

continues to be a successful tool utilized by the Los Angeles Zoning Administration as a mandated requirement for new licensees to obtain their zoning permit to sell alcohol.

The funding from the Department of ABC will enable the LAPD to continue to work closely with the Planning Department, Department of Building and Safety, Fire Department, and the Los Angeles County Public Health Department to enforce a broad range of code violations. The LAPD will also continue its partnership with the City Attorney's Citywide Nuisance Abatement Program (CNAP) and the Community Problems Unit. The partnership with CNAP continues to allow Operation ABC to investigate ABC violations effectively, along with narcotic violations occurring within problem ABC outlets.

The grant award budget includes \$63,066 for salaries and \$32,784 for overtime, \$2,500 in equipment for computer and related equipment, and \$1,650 for mandatory travel to attend conferences convened by the Department of ABC.

The agreement and supporting documentation were received by the LAPD from the Department of Alcoholic Beverage Control in mid-June. Upon review, it is now being transmitted for approval.

If you have any questions regarding this matter, please contact Police Administrator Maggie Goodrich, Information Technology Bureau, at (213) 486-0370.

# PROJECT NARRATIVE

Exhibit A

## 1. Summary

The City of Los Angeles is populated with more than 4 million residents<sup>1</sup>. Population growth has increased by over 27 percent since 1980. Los Angeles has evolved into a community with a diverse population consisting of: 44.6 percent Hispanic, 31 percent Caucasian, 12 percent Asian/Pacific Islanders, 9.5 percent African American, and .8 percent Native Americans. While 19 percent of the total population of Los Angeles falls below the federally determined poverty line<sup>2</sup>, some neighborhoods targeted in the 2011/2012 proposal approach 37 percent. Increasing unemployment, homelessness, and related problems such as alcohol and substance abuse, are among the City's challenges. Urban blight remains visible in some neighborhoods and is often associated with disorderly ABC-licensed locations.

The Los Angeles Police Department (LAPD) is a full-service organization providing emergency response, crime suppression, investigative functions and traffic control. Currently, the LAPD has 9,888 sworn officers to provide police services for 468 square miles. Approximately 2,870 civilians provide support services for the LAPD. The Department's sworn strength to population ratio (2.3 officers per 1,000 population) is among the lowest of the nation's largest cities. A five-member Police Commission provides oversight over the LAPD's policies and procedures. The Department's administrative structure consists of the Chief of Police and offices immediately accountable to the Chief, such as Government Liaison, Community Affairs and Bureau of Professional Standards, etc. The City is divided into four geographical Bureaus: Central, South, West, and Valley, that provide police services in the communities. Each bureau is subdivided into four to seven areas (for a total of 21 Areas citywide), administered by Captains. Each Area has a small vice unit responsible for ABC enforcement in addition to other vice-related duties.

Los Angeles has 5,733 ABC licensed locations (including bars, night clubs, restaurants, liquor stores and markets) with over 45,000<sup>4</sup> individuals employed to sell and distribute alcoholic beverages. The number of ABC-licensed establishments in the City accounts for seven percent of the total number of licensed locations state-wide and 37 percent of all licenses in Los Angeles County. The goals and objectives of this project is to continue focus in one centralized office (Operation ABC) that oversees ABC enforcement operations, collects and exchanges information for government and community purposes, and provides training to all stakeholders. These efforts will reduce the recurrence of alcohol-related problems citywide. The Department is requesting the maximum fund amount of \$100,000.00. This will fund a full time Sergeant II position, including overtime to conduct training and enforcement operations, funds to purchase equipment along with travel funds to attend ABC conferences.

## 2. Problem Statement

An oversaturation of individuals living and working in close proximity to many ABC licensed locations over a large area continues to create policing problems. Los Angeles has in excess of 500 nightclubs; approximately 150 of these can serve over 500 people at a time. Additionally, due to the popularity of the many special events and recreational venues (Staples Center with attached LA Live entertainment center housing 32 ABC licensed locations, Academy Awards, Dodger, Clippers and Lakers athletic events, etc.) the adult drinking population can increase significantly on any given evening. As many as 100,000 patrons could frequent any one of the 3,000 on-sale ABC establishments. There is a continuing problem of bars serving intoxicated patrons which potentially places intoxicated drivers on extremely busy freeways and 8,560 surface street miles. Because of community concerns, 48 ABC licensed premises are currently the subject of formal abatement investigations. Past ABC grants have established parameters that effectively deal with problematic premises and havens for criminal activity. They have resulted in the permanent closure of 97 ABC establishments. The LAPD relies heavily on ABC's progressive discipline process to resolve our many problems pertaining to licensed locations which negatively impact the community. We

## Exhibit A

also utilize a number of tried and tested processes to eliminate disorderly premises including: civil abatement process, zoning variances, Employment Enforcement Task Force operations, Building and Safety enforcement, Health Department inspections, as well as Fire Department oversight.

Of continued concern, and a primary focus of the 2010/2011 grant, is the problem of illegal solicitation of alcoholic beverages inside on-sale licensed premises (§§303a PC and 25657a/b B&P). This activity encourages intemperance and has been directly tied to many Part I and II Crimes. During the past six months, locations catering to this type of activity have been the site of a homicide (Harbor Area), an attempted murder (Mission Area), a robbery (Foothill Area) and many other crimes which cause a drain on LAPD resources. On a Citywide level, in excess of 100 licensed locations have been identified by Area vice personnel as being involved in promoting this activity. During the past year, investigations at 33 ABC locations have resulted in 155 arrests for crimes relating to the illegal solicitation of alcoholic beverages and the problem continues relatively unabated. These investigations are extremely complex and require officers who are well trained and versed in the nuances of the activity to obtain criminal and administrative filings.

The LAPD has been alerted by the Los Angeles Unified School District (LAUSD) Police that the use of alcoholic energy drinks (AED) is prevalent among high school students. Alcoholic energy drinks are confiscated from high school students on a regular basis. Similar information was provided by the Department of ABC during a training seminar in July 2010. In January 2011, two teenage boys were found dead in an abandoned Huntington Beach apartment with an empty AED can next to their lifeless bodies. In November 2010, these products received national media attention following the hospitalization of nine Central Washington University freshman students after consuming AED's at a party. College students have referred to specific AED products as "blackout in a can". The use of AED products by underage individuals is growing at an alarming rate and therefore is a concern to the LAPD.

The LAPD uses minor decoy and decoy shoulder tap operations to aid in reducing the availability of alcoholic beverages to underage individuals. To that end, 1,584 ABC licensed locations were inspected via the minor decoy program and 1,240 individuals were solicited during decoy shoulder tap operations in 2010. These operations resulted in the highest yearly compliance rate to date; with an 87 percent compliance relating to minor decoy operations and 89 percent for decoy shoulder tap operations.

The Standardized Training for Alcohol Retailers (STAR) educational program continues to be in high demand by retailers desiring ABC training. It is mandated by the Los Angeles Zoning Administration as a requirement for new licensees and within the court system as a Condition of Probation for alcohol-related offenses. In 2010, as a direct result of this new program, total attendance at STAR presentations increased by 36 percent and class size increased by 31 percent. Our educational process should continue to expand to encourage additional corporations to participate in this valuable program through the STAR Corporate Partners program. A modification of the Responsible ABC Retailer program, the STAR Corporate Partners program has generated substantial increases in the demand for ABC training. Corporate Partners program provides a solid footing for licensees at a corporate level, to maintain a safe and successful business through education and training. Without the ABC Grant and Operation ABC's vision to train the new ABC operators, our many successful educational programs would disappear.

Our last challenge is the sharing of our successes and the expansion of a training vehicle to enhance investigative expertise and provide ABC training for all law enforcement personnel. In 1997, Operation ABC developed the *ABC Debrief*, a quarterly publication distributed to community stakeholders. This periodical provides insight into ABC enforcement efforts and educational programs conducted on an ongoing basis by the LAPD. The "back-bar inspection" portion of this publication provides insight into educational and operational aspects of our enforcement programs. Operation ABC disseminates this periodical statewide from the Governor's office, local political offices, LAPD command staff as well as other ABC grant agencies in an effort to share our experience and knowledge to younger agencies just entering the ABC grant market.

## Exhibit A

This grant will allow the LAPD to continue to adapt the current *ABC Debrief* into an online format and maintain an ABC training vehicle that can be accessed by law enforcement personnel on a state-wide level.

Unfortunately, the size of the City as it relates to sworn personnel continues to hamper consistent code enforcement and successful control of problem premises. The emphasis on patrol functions, while important to community policing, reduces the number of officers in the City's vice units, affecting ongoing enforcement, as well as the units' ability to undertake more proactive, preventive measures. The Alcoholic Beverage Control Grant support will allow Los Angeles to continue Operation ABC citywide and ensure its consistency with the ABC's 1997 Strategic Plan.

### 3. Project Description:

Our project will continue with the Grant funded Sergeant II position as well as the Department in-kind Sergeant II position; focusing 100 percent of their time on alcohol-related issues. Our Goals and Objectives will focus on ABC enforcement and education programs on a citywide basis. The proposed Operation ABC is a comprehensive enforcement and prevention effort to identify disorderly outlets, reduce ABC violations and alcohol-related crimes, and to address the ABC-related quality of life issues. This proposal includes a wide-range of strategies, including training, education and planning. Training strategies will focus on ABC licensed establishments and their employees, police department employees, as well as other public service organizations involved in alcohol-related issues. Educational strategies will also include the maintenance of an online training vehicle which will allow law enforcement personnel on a statewide level the ability to obtain additional investigative expertise by reviewing "back-bar inspection" articles via the Internet. Through the dissemination of an alcoholic energy drink advisory to LAUSD high school principals and ABC off-sale retailers, our educational efforts will focus on prevention strategies to minors and risk factors of alcohol use by young adults. This advisory will also be maintained for public access through the LAPD webpage. Planning strategies will focus on issuance of ABC licenses, conditional use permits, and the impact of alcohol establishments in Los Angeles. Enforcement strategies will focus on ABC enforcement operations, such as minor decoy and decoy shoulder tap operations, intoxicated service, disorderly house and abatement investigations. The project will also allow the continuation of our efforts to combat the problems associated with the illegal solicitation of alcoholic beverages which was initiated during the previous ABC grant period. The grant sergeant will purchase new equipment that will aid him in educational as well as training presentations and enforcement operations.

#### Project Goals:

1. Identify disruptive retail alcoholic beverage outlets throughout the City of Los Angeles for Disorderly House investigations.
2. Increase ABC licensee education and implement programs to prevent future violations.
3. Continue to develop innovative methods to manage ABC-related problems most effectively (both criminal and administrative violations).
4. Continue to expand partnerships with corporate business operators committed to promoting responsible ABC sales and services.
5. Continue to enhance the online training vehicle to provide law enforcement personnel on a statewide level access to ABC training material.
6. Publicize the program and enlist community support with alcohol-related problems.

#### Project Objectives:

1. Identify and target top 20 problematic ABC licensed establishments by July 31, 2011.
  - a. This is to include 10 locations involved in the illegal solicitation of alcoholic beverages.

Sergeant Garcia has 20 years of law enforcement experience with nine years in vice assignments. Sergeants Moore and Garcia have received specialized training in ABC law and enforcement strategies, have extensive teaching experience and are ABC instructors at the Department's Vice School. The Project Director and the Coordinator are responsible for day-to-day implementation of this project. The Project Director and Coordinator meet weekly with the Area Vice units and ABC personnel to plan and schedule specific operations.

If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.

Special Terms and Conditions

1. Disputes: Any dispute concerning a question of fact arising under this contract which is not disposed of by agreement shall be decided by the Director, Department of Alcoholic Beverage Control, or designee, who shall reduce his decision to writing and mail or otherwise furnish a copy thereof to the Contractor.
