Comments for Public Posting: Thank you for your plans to make Angus Street one-way. The main reason I say "Yes" to this proposal is that it will allow for SHORTER EMERGENCY VEHICLE RESPONSE TIMES (sorry about the caps) to the homes and residents of this area. Due to parked cars, traffic, and narrow streets, it is impossible for emergency vehicles to reach the homes and residents of this area in a timely fashion. This not only affects the homes and residents on Angus Street and Lakewood Avenue, but on Moreno Drive, Micheltorena Street, Lanterman Terrace, Scotland Street, Panorama Terrace, etc. etc. If an in-transit emergency vehicle is stuck in traffic on Angus or Lakewood, it will delay its arrival to other streets in this area as well. If time is of the essence, it will adversely impact those homes and residents further away from Angus and Lakewood even more so. I can live with the inconvenience of the one-way street. Rowena and Hyperion are more suited for heavy vehicle traffic, where there is plenty of room for commuter vehicles and emergency vehicles to navigate. Next time you hear a siren, think about it. Someone's life depends on it. Please make Angus Street one-way. Thank you!
