Ordinance No. 188013
An ordinance adding Sections 57.901.11 through 57.901.11.3 to Article 7, Chapter V of the Los Angeles Municipal Code to establish a False Fire Alarm Program; amending Sections 57.106.7.1.1 and 57.202 to add a fee provision and new definitions related to a False Fire Alarm Program; and amending Sections 57.901.8.3 through 57.901.8.4 to update provisions related to false fire alarms.
WHEREAS, the approximately 32,000 fire alarm activations received by the Los Angeles Fire Department (LAFD) each year, approximately 15,000 (or 47%) are "false fire alarms," i.e., fire alarm activations where there was no fire or other life safety emergency at the time of the activation;
WHEREAS, in addition to needlessly expending LAFD resources, these false fire alarms divert vital LAFD resources from actual emergencies;
WHEREAS, the Los Angeles Police Department has a false alarm fee and fine program that has been successful in reducing the number of false burglar alarms from a high of 145,000 activations in 2009 to 43,000 in 2021; and
WHEREAS, implementing a similar fee and fine program for false fire alarms may allow LAFD to recover revenue to offset the expense of deploying unnecessary resources to false fire alarms and may reduce the number of false fire alarms, thus freeing up limited LAFD resources.

NOW, THEREFORE,
THE PEOPLE OF THE CITY OF LOS ANGELES
