Comments for Public Posting: I urge passage of this motion. Converting a parking lot into affordable housing or permanent supportive housing will improve neighborhoods by moving the homeless off the streets and getting them the services that they need. It helps to solve public health and safety concerns. It is a win/win situation for all.

Council File No: 12-1549-S18

Comments for Public Posting: I urge the Housing Committee and full Council to support Council File 12-1549-S18, the Motion to initiate a review of the City-owned property located at 1905 N. Highland Avenue in Council District 4 to determine the suitability of the property for development as 100% affordable housing and/or permanent supportive housing. This City-owned property located at 1905 N. Highland Avenue should be added to the list of City-owned parcels that will be made available to qualified developers through a Request for Proposal. There is a dire shortage of affordable and supportive housing in our city and we should take every opportunity to create more. Thank You for your consideration.
