**COMMUNITY INFORMATION**

**REASON FOR NAME CHANGE:**

## **PERU VILLAGE**

Initiative presented on December 11th of 2012 to the City of Los Angeles

**Proposed Initiative:** The Peruvian American community in Los Angeles is presenting the initiative for naming a section of Vine Street, between Melrose Avenue and Sunset Boulevard in Los Angeles as "PERU VILLAGE."

Our initiative requests recognition of Peru Village similar to Thai Town and the El Salvador Community Corridor among other ethnic enclaves. We want to be included in the defined cultural diversity of this cosmopolitan city that welcomes people from over 140 countries. We already have several well-established businesses in this area that have been in existence for several years. We have also received support from well-over the required 500 signatures from the designated community, and the Hollywood Chamber of Commerce. This area is an equidistant hub where the Peruvian community gathers, since we live and work all over Los Angeles.

Peruvian Americans strongly believe that by giving our ethnic group recognition by officially proclaiming to be equally as important as any other group in this diverse city, will be an important step for our community and an opportunity to promote Peruvian culture and to bring new investments to the proposed area.

**Boundary Description:** To the north, Sunset Boulevard to the north side of the boulevard, to the west, Wilcox Avenue to the west side of the avenue, to the south, Melrose Avenue to the south side of avenue, to the east, Gower Street on the east side of street in the city of Los Angeles.

**Legal Precedent:** In 2012, Sacramento passed Bill ACR 126 through which the name "Corredor Salvadoreño" was granted to a sector of the City of Los Angeles, creating a precedent for other countries that wish to obtain a community denomination.

ACR 126 specifies that:

*The City of Los Angeles, which represents over three million residents and prides itself in cultural diversity, aims to include all of its citizens in community affairs.*

*Located in Southern California, Los Angeles is one of the world's major global cities, and is a hub of shipping, manufacturing, and financial industries. Los Angeles is also world-renowned in the entertainment and communications fields.*

*Los Angeles is one of the only two United States cities without a majority population; people from 140 countries, who speak approximately 86 languages, currently call Los Angeles home. Naming a geographic area is a fundamental way of expressing cultural values of a community.*

**Justification:** The Latino community is a growing economic and cultural force in Los Angeles, California, and the nation at large. Peruvian Americans are a burgeoning community in California, New York, New Jersey, and Florida. Peru is one of the top 10 Latin American countries represented in this city and injects millions of dollars a year into the California

economy through taxes and spending in the private sector. These figures are found in the attached Demographics document. This does not include the nearly 9 billion dollars annually the United States trades with Peru as a free trade partner since 2006 according to the United States-Peru Trade Promotion Agreement (PTPA).

Along with the expanding economic impact, Peru's rich culture is weaved within our society. From our iconic earflap hats found on every other Angeleno, to the numerous trendy Peruvian restaurants throughout the city, many concentrated in the denoted area, we have much to offer along with the cultures of over 140 countries found in this great city of ours. Descendants, of the birthplace of the Incan Empire and home to the majestic Incan fortress Machu Picchu and impressive Nazca Lines, Peruvian Americans pride themselves with generations of significant cultural heritage that should not be forgotten. Peru's rich soil is able to sustain over 3,000 different types of potatoes created through centuries of genetic agricultural work from our pre-Hispanic cultures and because of its unique geographic placement in the highlands of the Andes Mountains. Peru is a racial kaleidoscope of indigenous, mestizo, white, african, and various asian backgrounds that make Peru a unique population with the ability to network easily across cultures and backgrounds which is a now a need in the melting pot that is Los Angeles.

Naming Peru Village would be a celebration of cultural values of a community as many other cultural centers in our city are with our already existent multi-cultural communities. Many cultures have long standing and emblematic areas in this city, including Chinatown, Thai Town and Little Armenia, among others. El Salvador Community Corridor was recently adopted and has made giant strides to bridge services and economic growth in its community. It sets a precedent for other communities to organize and create economic sustainability in the form of small-businesses and continued education. It is through unity and partnerships that the evolving needs are met and innovation necessary to create economic growth is derived. Peru Village would be an opportunity for Los Angeles and California to proactively establish an economic center where Peruvian- Americans in Los Angeles can create commerce centers and facilitate concentrated financial partnerships overseas with Peru and other South American nations that are also experiencing growth, as well as a focused area that will represent the richness of Peruvian Culture which is a magnet itself to people from all 7 continents.

Peruvian Americans strongly believe that by giving our ethnic group recognition by officially proclaiming to be equally as important as any other group in this diverse city, will be an important step for our community and an opportunity to promote Peruvian culture, cross-culturalism in Los Angeles, and to bring new investments to the proposed area. Peruvians were one of the first migrant groups to come to California during the establishment of this state, and have contributed to the west coast from mining to wool and produce, with growing trade partnerships in our country of origin, Peru.

Many Peruvian-Americans have been recognized for their numerous contributions in gastronomy, the arts, sports, science, literature, economics and many other intellectual arenas. Chef Ricardo Zárate with his restaurants Mo-Chica and Picca is a more recently recognized Peruvian in gastronomy. Late Peruvian indigenous immigrant, Yma Sumac, was a famous actress and singer recognized for her incredible vocal range. Peruvians in opera include tenor, Juan Diego Florez. Daniel Alarcon, internationally recognized Peruvian American writer, female world champion boxer Kina Malpartida, tennis player Alex Olmedo, astronaut Carlos Noriega, just to name a few. In the arts, cinema directors Javier Fuentes León, Ricardo de Montreuil, Julio Ramos, actors Q'Orianka Kilcher, and Benjamin Bratt. Marlene Dermer, the cultural promoter of Latin America cinema, founder, and director of the Los Angeles Latino International Film Festival (LALIFF) constantly promotes the culture of various Latin countries in the arts. These are all Peruvian Americans who have not only contributed to various genres but also call Los Angeles, home.

Hollywood Chamber of Commerce has warmly welcomed our initiative, as well as business and people residing in the proposed area, and local Peruvian American business people who are already looking into moving their business location to the area where Peru Village would exist. We can foresee establishing partnerships with parking structures in locations such as the Arclight among other possibilities in the area to bring the right business that will enhance and revitalize the Hollywood proposed area without conflicting with its development plans and flow. The Peruvian American community has the mission to make PERU VILLAGE, the New LA Wonder.

In conclusion, the implementation of PERU VILLAGE initiative will enable us to have a greater impact socially, culturally and economically. This is accomplished by working as a community versus separate businesses. In this manner, PERU VILLAGE, similar to other cultural centers, can become magnets for new investments, creating jobs in the proposed area, and foremost, giving back to the country that has welcomed us.

<http://www.pewhispanic.org/2011/05/26/hispanics-of-peruvian-origin-in-the-united-states-2009/>

In the United States, Peru is in the top 10 of the most represented groups of Latinos with voting and purchasing power. It is an important group of Latinos as Peru is one of the fastest growing economies in the world with the potential to establish important trade ties with California and the United States in its main trade center states where most Peruvians reside including New York, New Jersey, Florida, Texas, Connecticut and California which has benefited from large-scale port trade for decades on end. California has been the state with the most Peruvian-Americans, only recently surpassed by Florida, followed closely by New Jersey and New York. Many project the population to double in the next 15 years.

In the last two decades, the population of Latinos of Peruvian origin in the United States has grown 30% according to the Pew Research Center, a nonpartisan organization. There are well over 100,000 Latinos of Peruvian origin in California, concentrated in the City of Los Angeles, with over half a million Peruvians in the United States in Metropolitan Areas, according to the census 2010. Many other private studies within the Peruvian community estimate the figure to be well over 200,000 and growing. It is important to note the cultural and racial considerations that are not factored in with many Peruvians that are of Asian descent including a large number of Japanese, Chinese, Korean, and Thai-Peruvians. Many Peruvians identify themselves as white. There are Afro-Peruvian Americans that may not factor in the statistics because of the census form structure and questions. This also underestimates figures with growing second and third generation Peruvian-Americans. The Peruvian community is composed of various racial and cultural influences making it unique and advantageous for creating networks across communities.

The considerations for economic influence of Hispanics today are very important with the hundreds of dollars that Latinos contribute to the US economy. Just here in California, by 2008 the Peruvian population was contributing 3 billion dollars in taxable income and purchasing power. According to the Center for Latin American, Caribbean and Latino

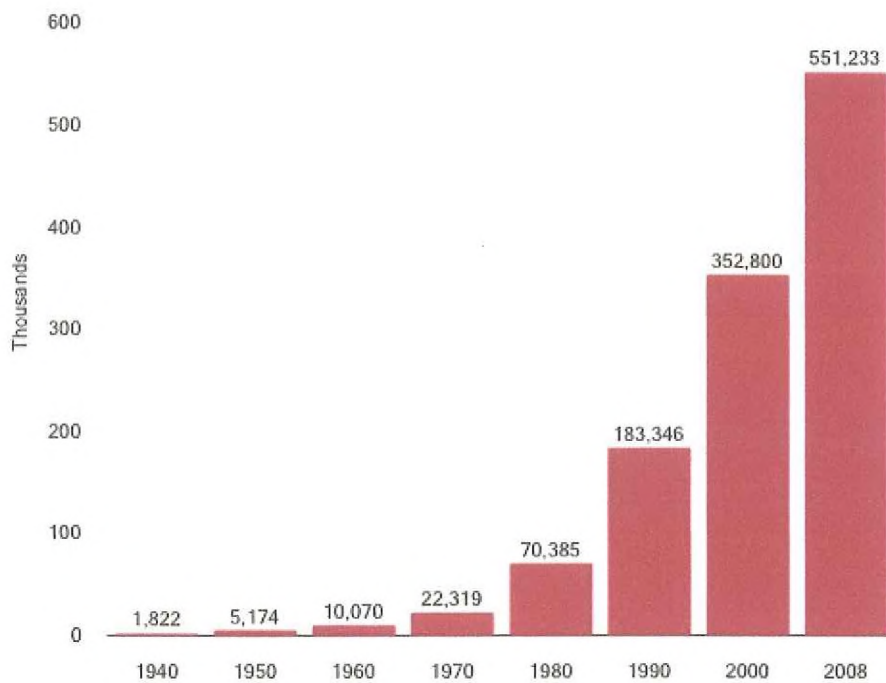

Studies statistics from the 20% of the households make between 110 and 200 thousand, another 6% are 200 thousand and more. 63% of Peruvian households make 50k or more, 72% make 40k or more. Most Peruvians in the United States are part of the middle or upper-middle class. The primary sources of income for Peruvians are start-up small businesses, self-employment and the financial sector.

Specific traits that characterize the Peruvian immigrant in the United States are the educational attainment, English proficiency upon immersion, and low poverty status. These statistics are impressive considering the majority were born in Peru. Approximately 32% of Peruvians attain higher levels of education with at least one bachelor's degree compared to other Hispanics at 13%. In 2008, 52% of Peruvian Women, 25 years of age and older had graduated from college with BA degrees. Approximately 60% of Peruvians of all ages speak English at a proficient level, and it is important to note that nearly 67% are born in Peru. Peruvians have a lower poverty rate than that of the United States general population at 14% compared to 15%, respectively. This is significantly less than the National Hispanic rate that is at 25%, unfortunately. The distribution of Peruvians is balanced and equitable with a male female ratio comparable to that of the general US population and the median age being 34 years for Peruvians. The importance of these statistics demonstrates the aggregate contribution to society and potential over time with second and third generation Peruvian potential.

Any and all data in this document is based on the following studies:

*Peruvians in the United States 1980-2008*, Center for Latin American, Caribbean & Latino Studies, Graduate Center, City University of New York.  
*Hispanics of Peruvian Origin in the United States, 2009*, Pew Research Center, Pew Hispanic Center: Washington, D.C

In the figure above, you can see the consistent growth of the Peruvian population in the United States. This study was done through 2008 and we know that the population of Peruvian-Americans has continued to grow. This growth is concentrated in states such as California, New Jersey, New York, Texas and Florida. The impact of the Peruvian community and its network across these states has many implications including political, social, and economical ones. This also tells us that many Peruvians are still first generation and in the figures below, you will see evidence of its economic potential as the second and third generation Peruvian-Americans begin to enter the workforce, pay taxes and vote.

This Graph is particularly important to note that California is a state that has experienced a large influx of Peruvian immigrants. The number remains in the double digits and this supports our petition for California to be the first state to designate a geographical area to the Peruvian Community. New York and New Jersey are also states where Peruvian Communities are organizing a cultural and economic center to serve its community and bridge opportunities with other communities.

<http://web.gc.cuny.edu/lastudies/latinodataprojectreports/Peruvians%20in%20the%20United%20States,%201980%20-%202008.pdf>

The household income average for Peruvians is high considering that most are first generation. This means more purchasing power and more tax dollar contributions and the likelihood of second and third generation Peruvian- Americans to also maintain and surpass the income of their first generation parents.

While the Peruvian Community may not be as numerous as other communities, its economic strength and consistency can be capitalized upon with strong ties to country of origin to facilitate international trade endeavors.

**PETITION ADDRESSES FOR NAMING OF?????**

[illegible]

**CITY OF LOS ANGELES  
OFFICE OF THE CITY CLERK**

**PETITION FOR  
NAMING / RENAMING COMMUNITY**

Pursuant to Council action of January 31, 2006 (Council File 02-0196), a petition must accompany the application to name or rename a community. The petition must contain a minimum of 500 signatures of individuals who either reside in and/or have businesses, both profit and nonprofit, in the neighborhood being name or renamed. If the population of the neighborhood is under 2,500 people, then 20% of the population of the area being named or renamed is required. All addresses will be confirmed as to their location within the boundaries of the community being named/renamed. Therefore, to prevent any delay in the application approval process, it is recommended that additional signatures be collected in case some addresses are not located within the bounded area.

Petition for:

the Community of \_\_\_\_\_ (current name of community) to be renamed the Community of \_\_\_\_\_ (proposed community name).

OR

the area bounded by the following streets (street boundaries of area to be named)

To the north, north side of Sunset Blvd. To the west, west side of Wilcox Ave.  
To the south, south side of Melrose Ave. To the east, east side of Gower St.

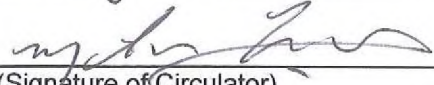

to be named the Community of Peru Village (proposed community name).

I, Milagros Lizarraga, do hereby certify that I am a resident of the City of Los Angeles; that my present, precise residential is 5913 Gregory Av. #3 LA CA 90038, in the City of Los Angeles, County of Los Angeles, State of California; and that I was at least 18 years of age at the time I circulated this petition for signatures. Each signature on this sheet is genuine and was affixed thereto, on the date shown, in my presence, by a separate individual who declared at the time of signing to be a resident or business owner, profit or nonprofit, of the community being named / renamed, at the address as set forth.

**Declaration under Penalty of Perjury**

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief.

LETTERS OF SUPPORT**

**PERU VILLAGE LOS ANGELES**

CONSULADO GENERAL DEL PERU  
LOS ANGELES

A LOS PERUANOS EN CALIFORNIA, AL AMIGO (A) DEL PERU

El Consulado General del Perú en Los Angeles, felicita y apoya la iniciativa emprendida por un grupo de Peruanos pujantes y entusiastas así como de Amigos (as) del Perú, a fin de lograr que el Perú tenga una presencia territorial con la denominación "Perú Village" en la Ciudad de Los Angeles, California, sumándose así a iniciativas similares y poniéndose a la par con otras denominaciones correspondientes a países de diversas regiones geográficas.

Un sitio físico en Los Angeles que identifique a nuestra nación coadyuvará en la imagen colectiva de una importante comunidad peruana migrante en esta parte de la Unión Americana desde el siglo XIX, y que con su entusiasmo esfuerzo y constante trabajo, no sólo logra un progreso personal y de su familia, sino que viene contribuyendo grandemente con el crecimiento y prosperidad del Estado de California. Igualmente, un reconocimiento de esta naturaleza a la presencia de peruanos y sus descendientes -que suman más de 100 mil- contribuirá a la imagen cosmopolita de la ciudad y redundará en beneficio de nuestra comunidad entre los que destacan cientos de personas exitosas entre deportistas, cineastas, científicos, músicos, pintores, gastrónomos, hombres de negocios, entre otros.

La propuesta de ubicar a "Perú Village" en una sección de Vine St, entre Melrose Av. y Sunset Blvd. es estratégica por su importancia comercial y turística en la ciudad de Los Angeles por colindar con la Ciudad de Hollywood, a escasas cuadras del Paseo de las Estrellas, cerca al Kodak Theatre, en el que se llevan a cabo las ceremonias de la industria cinematográfica de los Premios Oscar; cerca al Egyptian Theatre en el que se realizan festivales y muestras internacionales de cine; a Paramount Studios; a la Academia de los Oscars; academia de música, escuelas, hoteles; 4 (cuatro) restaurantes peruanos, una Oficina del Social Security y gimnasios, es decir un área de permanente actividad. Asimismo, esta locación es equidistante a las zonas de residencia de la comunidad peruana en Los Angeles, esparcida en las diferentes ciudades del Estado.

Por esta razón, solicitamos tu apoyo a esta iniciativa, ya que con tu firma al tiempo que promuevas la adhesión de otros Amigos del Perú, se trabajará para concretar un nuevo e importante sueño peruano en esta tierra que nos alberga.

Cónsul General del Perú

Dear Councilman Garcetti:

The Peruvian American Community in the city of Los Angeles respectfully requests designating the first Peruvian neighborhood in Los Angeles to be named "Peru Village"

I and many of my colleagues from the House of Labor support out Sisters and Brothers in the Peruvian community in recommending an already well-established Peruvian business foundation located at the section of Vine Street, between Melrose Avenue and Sunset Boulevard.

In officially naming "Peru Village" it is a win/win for the city of Los Angeles. We are grateful our city leaders have had the foresight and wisdom to name other ethnic portions of Los Angeles such as Historic Filipinotown, Koreatown, Little Armenia, Chinatown, Little Tokyo and a host of others.

I can think of no better way to enhance cultural relations than by giving any ethnic group recognition in officially proclaiming their culture to be equally as important as any other ethnic group in this great diverse city.

I believe that Peru Village can and will be a magnet for tourism contributing towards the revitalization of the section of Vine Street, between Melrose Avenue and Sunset Boulevard, and our overall economy. Obtaining the "Peru Village" name will be an important step for this community to fully realize the American Dream and come even closer to a country we all love.

Councilman Garcetti, I know you share the same values and commitment to this great city and all those who bring their family and business values from distant shores to our great nation.

Dear City Council Members,

PERU USA Chamber of Commerce, an organization based in Ventura County, supports the "PERU VILLAGE" initiative in Los Angeles. Some of our founder-members are working diligently towards the designation of an area of several blocks within your city, and we are aware of the efforts of our local Peruvian-American community that stretches over four counties. We are looking forward to your district's support and successful designation of the newly proposed area, to be called: "PERU VILLAGE".

The naming of yet another geographic area in your city is one of the optimal ways to continue expressing the city's cultural values, as is evident with many of your already existing multi-cultural communities. The citizens of this Peruvian-American Community wish to be included officially and geographically in the city of Los Angeles, and are proud of contributing to the economic growth and prosperity of the city of Los Angeles and vicinities with numerous small businesses, currently doing business in and around Los Angeles and across the different cities and areas previously mentioned, included are, but not limited to, Law firms, Medical Doctors, Architectural firms, Construction companies, Transportation businesses, Real estate brokers and agents, Insurance agents, Restaurants, and Entrepreneurs, among others.

The Peruvian-American business owners have strong roots and commitment to the economic success of their businesses and this geographic region in which we all live, Southern California. As an example, the Peruvian gastronomy is internationally recognized; the restaurants have a strong cultural and economic presence in the city of Angels. Peruvian-American world-class chefs have been rated top of the line in their industry; the community has been awarded with the best chef in California, and also with the best chef in the USA. Peruvian world renowned food is exquisite and extends outside of its own culture, attracting connoisseurs from across all other cultural backgrounds.

The Peruvian-American Community is proposing the designation of the first Peruvian-American neighborhood in Los Angeles, California, as a legacy for future generations to come. With this letter, the founders and members affirm their support for this proposed initiative. The designated proposed area already has well established businesses at the section of Vine Street, between Melrose Avenue and Sunset Boulevard.

We believe that "PERU VILLAGE", will be a magnet for commerce, and will contribute towards the revitalization of the local economy. Successfully designating the "PERU VILLAGE" name to a small geographic area within the city of Los Angeles, will be an important first step for the Peruvian-American community; thus, inspiring all of us to continue promoting investments, commerce and culture. For these reasons, we are respectfully requesting to be included along with other supporters of the "PERU VILLAGE" initiative, and we will be anxiously expecting your District's important decision.

Sincerely,

Councilman Tom LaBonge  
District 4  
200 N. Spring Street  
Room 480  
Los Angeles, CA 90012

Dear Councilmember Tom La Bonge:

The Peruvian Community proposes to designate the first Peruvian neighborhood in Los Angeles, titled "Peru Village," for Peruvian-Americans living in Los Angeles County and future generations. With this letter, I affirm support for this recommended area that already has well-established businesses at the section of Vine Street, between Melrose Avenue and Sunset Boulevard.

The naming of geographic spaces in a city is one of the fundamental ways to express cultural values of a community. The inclusion of the Peruvian Community, both culturally and geographically, is a win-win proposition for the cosmopolitan City of Los Angeles. The Latino Community is one of the fastest growing groups in California. The contribution of the Peruvian Community to the California economy comprises of expertise and talents across different areas. These assets include gastronomy, sports, arts and sciences, cinematography, medicine, construction, transportation, food industry, warehousing, logistics and a multitude of small businesses.

I believe that Peru Village can be a magnet for tourism, and can contribute towards the revitalization of the section of Vine Street, between Melrose Avenue and Sunset Boulevard, and the US economy. Obtaining the "Peru Village" name will be an important step for this community; an opportunity to promote Peruvian culture, and to bring new investments to the proposed area.

For these reasons, Mr. LaBonge I fully support the "Peru Village" initiative, and hope that your District will welcome the cultural inclusion of the thriving and hard working Peruvian Community.

Dear Council Member  
Mr. Eric Garcetti.  
Los Angeles Council.

Dear Mr. Garcetti:

It is my understanding that the Peruvian Community is proposing to your attention the designation of a Peruvian geographic area in Los Angeles, which named "Peru Village". Which will help to foster the growth and the unity for Peruvian-Americans living in Los Angeles and neighboring cities, as well as for the future generations of these American Citizens.

It is obvious, that many other nationalities got the opportunity to name geographic areas within the City of Los Angeles as a way to express and retain their cultural values of their communities. Therefore, the inclusion of the Peru Village seems to be necessary and will enhance the multicultural background of our community at large.

As a Roman Catholic Priest, I have the opportunity to provide spiritual guidance to many of the Peruvian Community members since my arrival to Los Angeles many years ago. In addition, I have found them to be very courteous, hard working and responsible. It has been a pleasure and a gift of God to serving them.

Furthermore, for the reasons stated above and with this letter I would like to affirm and fully support the "Peru Village" initiative. In addition, request that you Mr. Garcetti and your District will welcome the inclusion of the thriving and hard working Peruvian Community.

Sincerely,

*Fr. Ramon Palomera*

Dear Council Member  
Mr. Eric Garcetti  
Los Angeles Council

Dear Mr. Garcetti:

It is my understanding that the Peruvian Community is proposing to your attention the designation of a Peruvian geographic area in Los Angeles, which named "Peru Village", which will help to foster the growth and the unity for Peruvian-Americans living in Los Angeles and neighboring cities, as well as for the future generations of these American Citizens.

It is obvious, that many other nationalities got the opportunity to name geographic areas within the City of Los Angeles as a way to express and retain their cultural values of their communities. Therefore, the inclusion of the Peru Village seems to be necessary and will enhance the multicultural background of our community at large.

As a Roman Catholic Priest, I have the opportunity to provide spiritual guidance to many of the Peruvian Community members since my arrival to Los Angeles many years ago. In addition, I have found them to be very courteous, hard working and responsible. It has been a pleasure and a gift of God to serving them.

Furthermore, for the reasons stated above and with this letter I would like to affirm and fully support the "Peru Village" initiative. In addition, request that you Mr. Garcetti and your District will welcome the inclusion of the thriving and hard working Peruvian Community.

Sincerely,

**A LOS PERUANOS EN CALIFORNIA  
A LOS AMIGOS (AS) PERUANOS**

The House of Perú en San Diego, California felicita y apoya la iniciativa emprendida por un grupo de Peruanos entusiastas. Asi como de amigos (as) del Perú a fin de lograr que el Perú tenga una presencia territorial con la denominación "Perú Village" en la ciudad de Los Angeles, California, sumándose asi a inciativas similares y poniendose a la par con otras denominaciones correspondientes a países de diferentes regiones geográficas.

La propuesta de ubicar a "Perú Village" en una sección de Vine St. entre Melrose Avenue y Sunset Blvd. es estratégica por su importancia commercial y turística en la ciudad de Los Angeles por colindar con la Ciudad de Holliwood, a escasas cuabras del Paseo de Las Estrellas, cerca al Kodak Theatre, en el que se llevan a cabo las ceremonias de la industria cinematográfica de los Premios Oscar, cerca al Egypcian Theatre en el que se realizan festivales y muestras internacionales de cine; a Paramount Studios; a la academia de los Oscars; academia de música, escuelas, hotels; 4 (cuatro) restaurantes peruanos, una oficina de Social Security y gimnasios, es decir un area de permanente actividad. Asimismo, esta locación es equidistante a las zonas de residencia de la comunidad peruana en Los Angeles, esparcida en las diferentes ciudades del Estado.

Por esta razón, solicitamos tu apoyo a esta iniciativa, para que con tu firma al tiempo que promuevas la adhesión de otros amigos del Perú, se trabajará para concretar un nuevo e importante sueño peruano en esta tierra que nos alberga.

Mr. Eric Garcetti:

I am pleased to extend my most cordial greeting on behalf of **ABC Aguero's Builders Company, Inc.**

As a Peruvian-American company, we fully support the initiative to adopt a sector of Vine Street between Melrose Avenue and Sunset Boulevard as "**PERU VILLAGE LA**". This initiative is very important to us, the Peruvian Community, as we need to present our culture to this cosmopolitan city, Los Angeles.

Perú is recognize for its cultural and natural resources; touristic destinations (just to mention these world wonders Machupicchu and The Amazonas); our gastronomy which is considered by UNESCO as World Heritage, mining, handicraft, etc.

We know that it is a necessity to strength the Peruvian Community in order to create small businesses, improve the economy of the area and so work together with our authorities.

Mr. Garcetti, these are some of the reasons that we support this plan, create "**PERU VILLAGE LA**". I fully appreciate your time hoping that your district will welcome the cultural insertion of the prosperous and hard-working Peruvian Community.

## SANTA ELENA MEDICAL CENTER

December 5<sup>th</sup>, 2012

Mr. Eric Garcetti - Los Angeles Council

Dear Council Member:

It is my understanding that the Peruvian Community is proposing to your attention the designation of a Peruvian Geographic area in Los Angeles, which will be named "PERU VILLAGE". This will help to foster the growth and the unity for the Peruvian-Americans living in Los Angeles and neighboring cities, as well as for the future generations of these American citizens,

It is obvious, that many other nationalities got the opportunity to name certain geographic areas within the City of Los Angeles as a way to express and retain their cultural values of their communities. Therefore the inclusion of the PERU VILLAGE seems to be necessary and will enhance the multicultural background of our community at large.

As a Medical Center, we have the opportunity to provide medical services to many members of the Peruvian Community, individuals which we have found to be very courteous, hard working and responsible.

Therefore, for the reasons stated above and with this letter I would like to affirm and fully support the PERU VILLAGE PROPOSITION initiative. In addition, I would like to request that you Mr. Garcetti and your District will welcome the inclusion of the thriving and hard working Peruvian Community.
