Honorable Antonio R. Villaraigosa, Mayor  
City of Los Angeles  
City Hall, Room 303

Attention: Ms. Mandy Morales, Office of the Mayor

Honorable Members:

Transmitted herein for your consideration and approval is a City Council resolution (Attachment No. 1). As a reference, also included is a copy of the Board of Recreation and Park Commissioners' March 20, 2013 approved Board Report No. 13-078, relative to the Wellness Center Park – Assignment of the Right to Apply for Proposition A Cities Excess Funds.

Recommendation for Council action:

1. Adopt the attached Resolution (Attachment No. 1), which assigns to Amigos De Los Rios a right to apply for Proposition A Cities Excess Funds in the amount of \$1,900,000 that are available from the Los Angeles County Regional Park and Open Space District for the First Supervisorial District of the County of Los Angeles, on condition that the funds are used for the completion of the Wellness Center Park Project, located within the City of Los Angeles.

Background:

As a result of the November 3, 1992 and November 5, 1996 elections, the Los Angeles County Proposition A, Safe Neighborhood Parks Propositions (collectively the Propositions) were enacted, which among other uses, provide funds to public agencies and nonprofit organizations in the County to be used for the acquisition, development and/or rehabilitation of facilities and open space for public recreation.

In accordance with the Proposition A guidelines, each fiscal year, an independent audit of the Proposition A Grant Program calculates the excess of the grant program's revenues over expenses.

Honorable Members of the City Council

A portion of these excess funds are made available for eligible projects and are known as Excess Funds. The Los Angeles County Board of Supervisors, at its discretion, allocates these funds to eligible applicants. Only applicants that have expended or committed to expend all funds allocated to them are eligible to receive Excess Funds, which are allocated to the following four categories: Competitive Excess Funds, Specified Excess Funds, Cities Excess Funds and County Excess Funds.

As the City's primary grant administrator for the Proposition A Grant Program, the Department of Recreation and Parks received a request from the County seeking Council approval of the attached resolution assigning a right to apply for Proposition A Cities Excess Funds to Amigos De Los Rios.

Amigos De Los Rios, a qualified nonprofit organization, as part of their Wellness Center Park project is proposing to re-purpose approximately two acres of space at the historic former County General Hospital site, now known as the Los Angeles County-University of Southern California Medical Center. The project consists of: 1) improvements to a three-fourths acre lower courtyard at State Street at the former main hospital entrance; 2) improvements to a one-fourth acre on the front terrace at the top of the main entrance stairway; and 3) improvements to approximately one acre comprised of the formal courtyards at the northwest and southwest corners of the main entrance building, the small courtyard in the southeast corner of the old hospital main entrance building, and a linear path/fire lane south of the main building connecting the former County General Hospital with the new Los Angeles County-University of Southern California Medical Center. Project amenities will include landscaping; replacement of certain trees; installation of benches, tables, exercise equipment, shade structures and lighting; Americans with Disability Act improvements to existing restrooms and access paths; installation of playground equipment and refurbishment of a tot lot; installation of a water feature; installation of decomposed granite and rubber surfacing; installation of large movable planter boxes for healthy eating demonstrations; and interpretive signage.

Sincerely,

JON KIRK MUKRI

Amigos De Los Rios is requesting the City's assistance in securing a Proposition A Cities Excess Funds grant in the First Supervisorial District for this project by assigning the City's right to apply for these funds, pursuant to the Proposition A guidelines. With approval from City Council, the Proposition A Cities Excess Funds will be allocated to Amigos De Los Rios by the County to be used for this project. The project is estimated to cost approximately \$3,700,000. In addition to the \$1,900,000 in Proposition A Cities Excess Funds, \$1,800,000 in Proposition 84 Statewide Park Development and Community Revitalization Program Grant funding will be used for this project.

City Council action adopting the attached resolution will assign the City's right to apply for these grant funds to Amigos De Los Rios. Once the City's resolution is approved and a copy is submitted to the County, the County's Department of Parks and Recreation will recommend that its Board of Supervisors accept the assignment and allocate Proposition A Cities Excess Funds for a grant to be awarded to Amigos De Los Rios for the Wellness Center Park Project. Once the County awards the grant to Amigos De Los Rios, Amigos De Los Rios will administer the funds and assume responsibility for the completion of the project.

### FISCAL IMPACT:

There is no fiscal impact to RAP's General Fund as funding for the completion of the project will be the responsibility of Amigos De Los Rios.
