SUMMARY

At the meeting held on April 15, 2015, your Public Works and Gang Reduction Committee considered a Los Angeles Harbor Department report and verbal reports from the Department of Water and Power and Los Angeles World Airports relative to the request for a sidewalk survey and damage repair plan. During the discussion of the item, the Chair requested two more recommendations as detailed above. After an opportunity for public comment was held, the Committee recommended that Council note and file the Harbor Department report, inasmuch as the report is submitted for information only and that no further Council action is necessary and adopt the recommendations made by the Chair in Committee. This matter is now forwarded to the Council for its consideration.

Respectfully Submitted,
