Re: Endorsement for LA GMO Free Zone Motion - File #13-1374

Dear Mayor Garcetti, President Wesson, Chairman Fuentes,
Chairman Huizar, Chairman O'Farrell, and Honorable
Councilmembers:

Please accept the Organic Consumers Association's endorsement of
the **Koretz-O'Farrell motion #13-1374 to make the City of Los
Angeles a GMO-Free Zone with regard to the sale, distribution
and growth of GMO plants and seeds.**

The Organic Consumers Association is an international non-profit,
with a million-strong network in the U.S., campaigning for health,
justice and sustainability, and a global moratorium on GMO crops.

We greatly appreciate that the City Council unanimously voted to
support Prop. 37 in October 2012, and California State Bill 1381
(Evans) to label GMOs, which was under consideration this past
spring in the State Senate.

It's wonderful to see the City of Los Angeles taking the initiative to set
a national precedent on the issue of GMOs by passing GMO Free
Zone legislation.

We at the Organic Consumers Association urge you to make every
effort to support and pass this measure. Thank you!

Sincerely,

Ronnie Cummins, International Director, Organic Consumers
Association
