Comments for Public Posting: This morning and night, illegal street food stand vending at 10455 Laurel Canyon Blvd and 13800 Mercer St. is a nuisance and creates many health and safety dangers. It attracts gangs and other illegal activities and takes business and valuable resources, like parking, away from our local businesses. I rarely see vending carts; instead, I mostly see large canopies, gas grills, backyard barbecue grills, tables, chairs, generators, and portable gas tanks filled with gas next to other combustible items. They advertise on their canopies in the public right-of-way. The vendors do not have liability insurance. To my knowledge, only one citation has been issued in the seven years I have been reporting this unfair business practice, and L.A. city officials have been absent on this issue. Please enforce the rules and regulations to the fullest extent.
