This Ordinance is submitted in response to Council action on January 2, 2018 in which Council requested the City Attorney to prepare and present an Ordinance to:

- a. Add a new section and amend LAMC Section 80.76.2 *Civil Penalties*, and LAMC Section 89.60 *Authority* to establish a base fine and late payment penalties for an electric vehicle (EV) parking violation
- b. Authorize towing for unlawful parking at designated on-street and publicly owned off-street EV charging station spaces.

After consideration and having provided an opportunity for public comment, the Committee moved to receive and file the City Attorney report and Ordinance. Also, the Committee moved to recommend requesting the City Attorney to draft a revised Ordinance to include an exemption to the Above Ground Facilities Ordinance for Electric Vehicle charging infrastructure. This matter is now submitted to Council for its consideration.

Respectfully Submitted,
