DISCUSSION

The LAPD submitted a grant application to the California Department of Alcoholic Beverage Control for the 2014-2015 Minor Decoy/Shoulder Tap Mini-Grant Program and was awarded \$25,000 in grant funds. The purpose of this grant program is to enforce underage drinking laws by deterring licensed establishments and adults from furnishing alcohol to minors.

The LAPD Detective Support and Vice Division will use Minor Decoy/Shoulder Tap funds to provide overtime to sworn staff in its Operation Alcoholic Beverage Control (ABC) Unit. The sergeants from the ABC Unit will use grant funds to conduct and supervise ten Minor Decoy and ten Shoulder Tap operations. The Minor Decoy Operation involves a minor purchasing alcohol from a licensed establishment, while Shoulder Tap Operation involves a minor soliciting alcohol from any adult. Furthermore, a Citywide Decoy Shoulder Tap Operation will be organized by the ABC Unit in conjunction with the 16th Annual Safe and Sober Graduation Program, which aims to curtail the accessibility of alcoholic beverages during graduations.

In order to protect minors from all potential danger, the LAPD's policy is to provide at least four back-up officers to monitor the decoy's actions. Minor Decoy/Shoulder Tap operations are supervised by at least one Vice sergeant and a sergeant from the ABC Unit.

If you have any questions regarding this transmittal, please contact Chief Information Officer Maggie Goodrich, Commanding Officer, Information Technology Bureau, at (213) 486-0370.

Re: Minor Decoy/Shoulder Tap Grant Program

Dear Mr. McCullough:

The Los Angeles Police Department (LAPD) is requesting to be considered for the Minor Decoy/Shoulder Tap Program Grant, sponsored by the Governor's Office of Traffic Safety.

The LAPD is strongly committed to working closely in partnership with the Department of Alcoholic Beverage Control (ABC) to develop programs to combat problematic licensed locations and to educate licensees and servers on responsible service practices. We are also committed to providing a high level of ABC enforcement throughout the City of Los Angeles. The Minor Decoy/Shoulder Tap Grant will enhance our ABC enforcement strategies in the best interest of the residents of the many diverse communities within the City of Los Angeles.

In an effort to reduce the number of licensees who sell alcoholic beverages to underage individuals, the LAPD has utilized the Minor Decoy/Shoulder Tap Program on a limited basis. The program has been successful due in part to the extensive training provided by ABC investigators, and a collaborative effort with the Los Angeles City Attorney's Office to prosecute violators. The strong support by the City Attorney's office to prosecute, has led to a high conviction rate. Minor Decoy/Shoulder Tap operations for the 2013/2014 Grant Assistance Program Grant (GAP) resulted in the arrest and prosecution of 106 individuals during Shoulder Tap Operations and 166 during Minor Decoy Operations.

The City of Los Angeles has approximately 6,000 on-sale and off-sale ABC licensed locations conducting business within 21 Geographic Areas, covering 468 square miles. The 2013/2014 LAPD minor decoy operations yielded on average an 83 percent compliance rate for ABC licensees selling to minors (81 percent at on-sale establishments and 85 percent at off-sale establishments). The use of the Minor Decoy and Decoy Shoulder Tap Programs has significantly improved the minor decoy compliance rate in Los Angeles.

Mr. Joseph McCullough

Page 2

Between 2001 and 2008, the minor decoy compliance rate improved by 18 percent. Thus, it is anticipated that if funding is awarded to the LAPD, the compliance rate would continue to increase significantly.

The need for funding is critical to operate any Minor Decoy and Shoulder Tap program due to the LAPD's policy in regard to providing a safe environment for the minors and ensuring supervisory oversight during these operations. Due to potential danger of violence from gang members and other criminal elements, it is the LAPD's policy that the decoy's actions be monitored by a minimum of four back-up officers. Additionally, the operation should be supervised by at least one vice sergeant and attended by Operation ABC personnel to ensure operational consistency and adherence to ABC Rule 141. ABC Rule 141 guidelines state that training by LAPD Operation ABC personnel is required for all minors used in the capacity of an ABC decoy; the decoy will be reviewed by ABC personnel every three months to ensure that the decoy's appearance is suitable. Therefore, grant funding will be used specifically to provide overtime to Operation ABC personnel in conducting Minor Decoy and Decoy Shoulder Tap operations on an overtime basis, thereby increasing the total number of LAPD operations.

The LAPD is honored to compete for this worthwhile, innovative Minor Decoy/Shoulder Tap Grant. If considered, it is requested that a maximum amount of \$25,000 be provided due to the size of Los Angeles and because of its nearly 6,000 on and off-sale ABC licensed locations

If you have any questions or comments, please feel free to contact Captain Kelly Mulldorfer, Commanding Officer, Detective Support and Vice Division, at (213) 486-0910.

Very truly yours,

CHARLIE BECK

DETECTIVE SUPPORT AND VICE DIVISION
OPERATION ABC
MINOR DECOY/SHOULDER TAP PROGRAM GRANT

FUNDING PRIORITIES
OCTOBER 1, 2014 – SEPTEMBER 30, 2015

- 1) **Experience has shown that the Minor Decoy and Decoy Shoulder Tap Programs work best when they have strong support of the local prosecutor. Therefore, applicants must provide information that they have discussed these programs with their local City or District Attorney and those complaints against violators will be prosecuted.**

In an attempt to meet the needs of the community regarding the accessibility of alcoholic beverages to underage individuals, the Los Angeles Police Department (LAPD) has utilized the Minor Decoy and Decoy Shoulder Tap Programs on a limited basis. The Minor Decoy and Decoy Shoulder Tap Program guidelines and the prosecution of violations have been established along with a rapport with the involved prosecutorial entities. The LAPD has worked closely with the Los Angeles City Attorney's Office; and in the past several years, minor decoy violations have been prosecuted through that office. This program has been very successful for prosecutorial purposes, and the recidivism rate is extremely low. Due to the past minor decoy and decoy shoulder tap training received by LAPD from Department of Alcoholic Beverage Control (ABC) investigators and the close working relationship LAPD personnel have with the City Attorney's Office, the conviction rate on these criminal cases is very high.

- 2) **Crime rate and /or identifiable alcohol-related problems with local outlets in applicant's jurisdiction.**

The City of Los Angeles has approximately 3,000 off-sale ABC licensed locations conducting business within 21 Geographic Police Areas, covering 468 square miles. The number of on-sale outlets is approximately equal. The 2014 LAPD minor decoy operations yielded on average an 83 percent compliance rate for ABC licensees selling to minors (81 percent at on-sale establishments and 85 percent at off-sale establishments). Based on past experience, the use of the Minor Decoy and Decoy Shoulder Tap Programs has significantly improved the minor decoy compliance rate in Los Angeles. Between 2001 and 2008, the minor decoy compliance rate improved 18 percent. During the same period, our decoy should tap compliance rate also increased by 17 percent. This grant will enable the LAPD to provided additional emphasis of the use of Minor Decoy and Decoy Shoulder Tap Programs as a means of maintaining the current trend in increased compliance rates.

3) Describe the need for funding.

The LAPD policy on utilizing minors for minor decoy and decoy shoulder tap operations is quite restrictive. Alcohol Beverage Control (ABC) Rule 141 training by Detective Support and Vice Division (DSVD), Operation ABC personnel is required for all minors used in the capacity of an ABC decoy; and the decoy will be reviewed by ABC personnel every three months to ensure that the decoy's appearance is suitable. Due to potential danger of violence from gang members and other criminal elements, the Department suggests that the decoy's actions be monitored by at least four back-up officers. Additionally, the operation should be supervised by at least one vice supervisor; attended by Operation ABC personnel (to ensure operational consistency and adherence to ABC Rule 141 guidelines); and if possible, one ABC investigator should be in attendance. The operation is labor intensive and requires considerable preparation and planning. Therefore, grant funding would alleviate present overtime restrictions and allow for additional Minor Decoy and Decoy Shoulder Tap Programs to be conducted.

Funding will be used specifically by Operation ABC personnel to conduct Minor Decoy and Decoy Shoulder Tap Programs on an "overtime" basis thereby increasing the total number of LAPD operations above our stated goals. NOTE: Current agreement between the LAPD and the Department of ABC establishes a yearly goal of 65 Minor Decoy Program operations and 30 Decoy Shoulder Tap Program operations (2013/2014 Grant Assistance Program Grant).

4) Describe any experience working with the ABC.

The LAPD has fostered an extremely close working relationship with the three local Department of ABC District Offices. These relationships have been developed as a direct result of 19 consecutive Grant Assistance Program (GAP) Grants. All GAP Grant activities are managed by personnel assigned to Detective Support and Vice Division (DSVD) who have weekly contact with an agent from Cerritos Enforcement Office, Van Nuys District Office, and occasionally, the Long Beach/Lakewood District Office. Operation ABC personnel also routinely have contact with the LA/Metro Licensing Office to assist in matters relating to the issuance of ABC licenses. Additionally, personnel from DSVD provide in-service training at the LAPD 40-hour Vice School which is regularly attended by Department of ABC personnel.

5) Describe the number of licensed retail (on sale/off sale) establishments will be visited during the term of the agreement under the Minor Decoy portion of the grant.

During this grant period the LAPD will conduct 20 Minor Decoy Program operations, visiting a minimum of 200 ABC licensed on and off-sale establishments. The LAPD will focus on maintaining a 50 percent ratio of on and off-sale compliance checks.

- 6) **Describe the number of licensed retail (on sale/off sale) establishments will be visited during the term of the agreement under the Decoy Shoulder Tap portion of the grant.**

During this grant period, the LAPD will conduct 20 Decoy Shoulder Tap Program operations, visiting a minimum of 40 off-sale ABC licensed locations.

In addition to the above, the LAPD will participate in the Statewide Shoulder Tap operation and will also conduct a Citywide Decoy Shoulder Tap Program operation in conjunction with the 16th Annual Safe and Sober Graduation Program. This project is designed to curtail the accessibility of alcoholic beverages and promote "safe and sober" graduations throughout the 80 Los Angeles Unified School District (LAUSD) high schools. This year, an estimated 27,000 students will graduate from LAUSD high schools. The associated media coverage gained by incorporating a Citywide Decoy Shoulder Tap operation into the announcement of the program will undoubtedly send on clear message that the Department of ABC and the LAPD will have a zero tolerance for individuals providing alcoholic beverages to underage persons. The Citywide Decoy Shoulder Tap project will incorporate media coverage and efforts will be made to involve all 21 Geographic Areas (dependant on LAPD deployment needs).

- 7) **Provide the number of inspections you estimate can be conducted during the term of the agreement under the IMPACT portion of the grant.**

The LAPD will conduct a minimum of 30 IMPACT inspections during this Grant period.

- 8) **Willingness to issue press releases as follows: (a) one to announce the start of the program: (b) one after each minor decoy has been held (to announce the number of licensed premises who sold to the minor decoy) and/or one after each Shoulder Tap operation has been held (to announce the number of adults arrested for purchasing alcoholic beverages to minor decoys). Grantee will fax a copy of each press release to ABC, attention Public Information Officer, as soon as it is released, NOTE: ABC will assist, if needed, in preparing a press release and will lend support, if need, to each of the agencies with the resources of their Public Information Officer.**

The LAPD will release a media advisory announcing the award of any Grant funds to be used in conjunction with the Minor Decoy/Shoulder Tap Program Grant. At the conclusion of each Minor Decoy Program operation and Decoy Shoulder Tap Program operation, a media advisory addressing specific issues of the involved operation will be released. NOTE: All media advisories will released through the LAPD Media Relations Section and in a manner consistent with the current LAPD policy.

Given the diverse makeup of the many communities within the City of Los Angeles, in many cases it is necessary to reach out to media outlets that target specific ethnic groups. To better serve our communities and meet goals established in this grant application LAPD will utilize additional media outlets.

During the grant period (October 1, 2014 through September 30, 2015), the LAPD will attempt to initiate two Minor Decoy Program media ride-a-longs.

The LAPD currently publishes the *ABC Debrief*; a quarterly publication devoted specifically to ABC enforcement and training-related issues. The *ABC Debrief* is disseminated to approximately 300 individuals and at national level and is available to the general public via the LAPD website (lapdonline.org). This publication will be utilized as a means of disseminating similar Minor Decoy/Shoulder Tap Program Grant information and will also be used to address the quarterly compliance rates of both programs.

- 9) **Willingness to host (provide location and distribute letters/flyers with training dates and times to retail establishments) a minimum of one (1) LEAD (licensee Education on Alcohol and Drugs) classes for licensees located within applicant's jurisdiction during the term of the agreement. Training will be provided by ABC's Training/LEAD Unit.**

The LAPD will conduct 10 Standardized Training for Alcohol Retailers (STAR) presentations during this Grant period (seven in English and three in Spanish). STAR training has been recognized and approved by the Department of ABC as a Responsible Beverage Service educational program. This program is very similar to the LEAD program and provides attendees with in-depth training regarding ABC rules and regulations and is conducted by ABC subject matter experts assigned to Operation ABC, DSVD. A small amount of overtime funding may be required to conduct STAR training presentation during off-hours on an overtime basis at the specific request of retailers. Presentations will be above and beyond current LAPD goals established in the 2014/2015 GAP Grant: 60 STAR Training presentations).

Operation ABC will conduct a Spanish STAR Training presentation in the City of Bakersfield to assist the Bakersfield Police Department in educating Spanish speaking licensees. Operation ABC is willing to assist other local police departments in educating Spanish speaking licensees.

During specific Minor Decoy Program operations, information pertaining to scheduled STAR Training presentations will be provided at each locations found in violation. Additionally, violators will be provided information about the LAPD STAR website which provides information about the program and lists pending presentation on a Citywide level.
