Summary:

On March 21, 2018, your Committee considered March 7, 2018 CAO and January 29, 2018 and February 26, 2018 City Attorney reports and three Ordinances relative to amending Ordinance No. 184251 (2015-16 to 2017-18 Fiscal Year Salaries and Benefits) to make various technical changes. According to the CAO, the classification of Electrical Tester (Class Code 7513) was part of a class consolidation by the Civil Service Commission (CSC) on August 13, 2009, which included changing the class code number of Electrical Tester from 7513 to 7512. The Electrical Tester class has been used exclusively by the Los Angeles Department of Water and Power (LADWP), and as such was listed in Schedule B of LAAC Section 4.900.1. Subsequent CSC action changed the class title to Electrical Test Technician (Class Code 7512), which was reflected in the most recent Schedule B (LADWP class listing) Ordinance submitted to the City Council. The former class and code number of Electrical Tester (Class Code 7513) is obsolete and should be deleted from the LAAC Section 4.61 Schedule A class listing.

On August 22, 2002, the CSC approved a class consolidation involving the classification of Police Administrator, which included changing the class code number of Police Administrator from Class Code 9183 to Class Code 9196. It was recently discovered that this change in class code number had not been reflected in the Schedule A classification listing in LAAC Section 4.61. Finally, an Ordinance is required to make various changes in pay grade designations or deletions in the LAAC Section 4.61 Schedule A class listing to conform to changes negotiated in recent MOUs,

After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the three Ordinances as detailed in the above recommendations. This matter is now submitted to Council for its consideration.

Respectfully Submitted,
