## 9. DISCUSSION AND MOTION TO ESTABLISH A CROSSWALK AT LE CONTE & LEVERING DUE TO UNSAFE CONDITIONS

A. Motion: The WWNC highly recommends that the Department of Street Services/ Transportation add a crosswalk to help pedestrians cross safely and indicate to drivers

where to stop their cars.

Aurelia Friedman introduced the following motion, seconded by Lisa Chapman, which carried unanimously.

#### MOTION REGARDING THE INTERSECTION OF LE CONTE & LEVERING AVENUES

There is a large amount of foot traffic in the intersection of Le Conte Ave. and Levering Ave. Right now, there is a crosswalk connecting the Chevron Gas Station and the other side of Levering, but there is not a demarcated crosswalk from the Gas Station to the North Village on the east side of the street. The line at the STOP sign at this intersection is not clear enough and it proves to be dangerous to pedestrians crossing who cross this street to get to and from Westwood Village.

Due to this situation, the WWNC highly recommends that the Department of Street Services/Transportation add a crosswalk to help pedestrians cross safely and indicate to drivers where to stop their cars.

Aurelia Friedman will attend the meeting that Angus Beverly and Armen Hadjimanoukian will have with LADOT engineer Mo Blorfroshan and bring up this issue.

## 11. BICYCLE LANE COMMITTEE

### A. Update

Sandy Brown reported that there are no facts or figures on the bicycle lane yet and it could be six to twelve months before they are available. False information is being put out but there is no reason for the committee to do anything before there are numbers to work with.

## 12. IMPACT OF NEIGHBORHOOD COUNCILS

This topic was not discussed.

## 13. ADJOURNMENT
