A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Agenda Date:

Item Number:

Summary: The South Robertson Neighborhoods Council (SORO NC) strongly advocates for the immediate reinstatement and expansion of Los Angeles Municipal Code 85.02. - The unregulated proliferation of vehicle dwellings presents an unacceptable threat to the public safety, sanitation, and economic stability of our community. To restore civic order, we demand a renewed ordinance that explicitly mandates the following: • Expanded Buffer Zones: Strict prohibitions on vehicle dwelling adjacent to residential neighborhoods and active commercial corridors to protect local businesses and private property. • Rigorous Sanitation Penalties: Severe, immediate consequences for the illegal discharge of

biohazardous waste and greywater onto public streets. • Unambiguous Enforcement: Clear directives empowering the Los Angeles Police Department and the Department of Transportation to swiftly tow violators and dismantle encampments. • Equally Strict Enforcement of Existing Parking Regulations: Rigorous enforcement of standard parking maximums to ensure the continuous turnover of public spaces. The City Council must act decisively to uphold the rule of law and protect the dignity of our neighborhoods. We expect your immediate action on this critical matter.

Dear Members of the Los Angeles City Council,

The South Robertson Neighborhoods Council (SORO NC) strongly advocates for the immediate reinstatement and expansion of Los Angeles Municipal Code 85.02. - The unregulated proliferation of vehicle dwellings presents an unacceptable threat to the public safety, sanitation, and economic stability of our community.

To restore civic order, we demand a renewed ordinance that explicitly mandates the following:

- **Expanded Buffer Zones:** Strict prohibitions on vehicle dwelling adjacent to residential neighborhoods and active commercial corridors to protect local businesses and private property.
- **Rigorous Sanitation Penalties:** Severe, immediate consequences for the illegal discharge of biohazardous waste and greywater onto public streets.
- **Unambiguous Enforcement:** Clear directives empowering the Los Angeles Police Department and the Department of Transportation to swiftly tow violators and dismantle encampments.
- **Equally Strict Enforcement of Existing Parking Regulations:** Rigorous enforcement of standard parking maximums to ensure the continuous turnover of public spaces.

The City Council must act decisively to uphold the rule of law and protect the dignity of our neighborhoods. We expect your immediate action on this critical matter.

Respectfully submitted,

Michael Lynn
