Council File No: 14-1057-S9

Comments for Public Posting: I strongly support immediate council action on this. The "homeless" people living in decrepit RV's on Jefferson are actively harming a state preserve, the Ballona Wetlands (fresh water) and it is shameful that the city has allowed this to go on for several years. We have a new Councilperson in District 11 and a new mayor who have both promised action. I urge the Council to take immediate action on LAMC 85.02 to permit action to be taken to return this city resource to the Schools, families, and citizens who once enjoyed it and visited its flora and fauna educational stations.
