Comments for Public Posting: I am writing to advocate for the reinstatement of ordinance 85.02 which regulated overnight campers on city streets. As a constituent of CD 11, I am saddened, plagued, and angered by the three year plus presence of dilapidated, dirty campers at Ballina Wetlands on Jefferson Blvd., an environmentally sensitive site, in addition to the violence, fires and effluents which have been documented. Residents of our city who pay taxes for clean, safe streets have aggressive campers refusing to move from in front of their homes. While I have sympathy for people in difficult circumstances and realize that living in a camper was possibly the best option, it cannot interfere with the quality of life of people who have made a different decision. The most immediate, practical solution seems the reinstatement of 85.02. Thank you.
