Comments for Public Posting: We desperately need to instate 85.02 in the Westside Neighborhood School district in Playa Del Rey. These kids have seen RV explosions and drug overdose / death in the last few years and now it is worse then ever. Everyday they walk by a man sleeping on the sidewalk right in front of the drop off area, Along with 5 - 7 RVS with peoples belongings on the sidewalks that we need to walk around to get into our school. Please Help.
