Subject: Reject Petition Corrupted by Deception and Other Misconduct
Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy. Please take this matter seriously.

Sincerely,
Lola Knight

I was approached in two different parking lots by two different young men trying to get petition signatures. I attempted to explain to one that the petition did the exact opposite of what he said it did; he didn't believe me. The other young man acknowledged what the petition did, said he understood why I wouldn't sign it, and went on his way.

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy. Please take this matter seriously.

I saw a petition circulator canvassing my neighborhood saying that it was to take the issue to the voters, instead of overturn a decided ordinance made by our democratically elected city council.

Dear Los Angeles City Clerk,

As a constituent, I have personally witnessed signature gatherers blatantly lying, misleading, and harassing customers at stores and canvassing my neighborhood. They are being paid to misrepresent the Olympic Wage that was passed by Los Angeles City Council. This wage is extremely important to help impoverished workers live with dignity. I've met hotel workers who have been under and living in their cars while giving their all to tourists and clients at work. They deserve better. I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

I personally encountered a petitioner early this month outside a Ralphs supermarket in West Los Angeles, who told me the petition was to "help medical workers" -- a gross mischaracterization of the initiative's true purpose. Any number of people may have been misled by this lie and signed this petition under false pretenses.

Dear Los Angeles City Clerk,

My name is Sarah and I live in Los Angeles. As a constituent, I've firsthand seen the aggression, verbal assault, and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). I've seen them yell at people, call people "bitches," follow people across parking lots, and block peoples way into stores. I've also witnessed them say outright lies about what the petition is- statements that directly contradict and is opposite to what the petition actually says. It is very troubling. I dont know how they are allowed to do what they are doing. Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. I am a student, now alum of UCLA. During my final testing period week at UCLA many of my fellow peers were misled and in one case assaulted by these misleading circulators. This isn't ok. When I think about this misleading petition I see more than just brazen misrepresentation I see the wages being stripped from the very workers who were tirelessly in la city hall committee meetings begging for a more dignified wage.

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy. Please take this matter seriously.

Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

-----[OPTIONAL OR DELETE]-----

Add your own story here of encounters of misleading or otherwise inappropriate behavior by signature gatherers

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy. Please take this matter seriously.

Sincerely,

Dr. Joshua Hirsch

Subject: Reject Petition Corrupted by Deception and Other Misconduct

Dear Los Angeles City Clerk,

As a concerned citizen, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

I personally had two experiences of being asked by petition gatherers to sign the petition. Both times it was explained to me in a very misleading manner. The first experience was in the morning of Wednesday June 18th. I had arrived by Metro train downtown and was exiting Union Station. A woman approached me and asked if I was registered to vote in LA. Since I live in Santa Monica I said no but I inquired what the petition was about. She said it was to raise the minimum wage of hospitality workers to \$30/hour. Since I was in a hurry that morning I was troubled by the incorrect characterization of the petition but I didn't stay to engage her in further conversation. I certainly didn't sign the petition. Then on Saturday June 21 in the afternoon I was on the Third Street Promenade in Santa Monica. A young man approached me and asked me to sign the petition. I understood him to say that it was to increase the hourly wage of hospitality workers in Los Angeles to \$30 per hour. This time I challenged the characterization and said I thought the intent of the petition drive was the opposite, instead it was to overturn an ordinance increasing the wage to \$30/hour. At that point he backtracked a bit. He pointed to the title of the signature page where "Overturn" was written and said maybe he hadn't explained things well because the goal was simply to give voters a chance to vote on whether or not the City approved wage increase should remain in effect. Either he was confused or the goal was to confuse people who might sign the petition. Once again, after chastising him (politely) for misleading people, I again did not sign the petition.

I hope you will take appropriate action. I do not want to see the Olympic Wage overturned and certainly not based on deceptive signature gathering by circulators of the referendum petition.

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy.

Please take this matter seriously.

Sincerely,
Rev. Joanne Leslie
