Subject: Reject Petition Corrupted by Deception and Other Misconduct  
Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

I was approached at my local grocery store by someone who explained to me that the ordinance wasn't actually going to raise wages but that this referendum he was gathering signatures for would ensure that wages were raised. I asked him who was gathering the signatures, and he legit didn't know. So I flipped over the petition and saw that the petition was funded by Delta, United, and the American Hotel and Lodging Association. That's the only reason I didn't sign it.

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy.  
Please take this matter seriously.

Sincerely,  
Ms. Carol Thom

Dear Los Angeles City Clerk,

I would like to rescind my signature on the petition. I was told it was to allow wage increases for hotel workers. My understanding is that petition is for the opposite.

I signed the petition and was asked by another party to sign the petition. I told him I had already signed it. He said I could sign it again. When I asked him how can I sign it again. He said he would turn it in first to get paid, usurping the previous one I signed. I declined.

----- this year at a pride event there were many people with clip board coming around to event goers asking for signifiers making up stories about how it's to even go through as if it wasn't already passed. Others claimed it was to help students earn better wages and when you read the actual form it which they tried to overturn the increase in wages.

I know for a fact that they were at Pride festivities telling people that the signatures were to help airport and hotel workers get 30 dollars an hour. My girlfriend had to tell them that it was already a law about to take effect, after which the organizers getting signatures just walked away. They were extremely dishonest in their attempts to get people to sign their petitions.

Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

-----[OPTIONAL OR DELETE]-----

Add your own story here of encounters of misleading or otherwise inappropriate behavior by signature gatherers

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy. Please take this matter seriously.

Sincerely,

This wage increase will make this not-so-affordable city to live in a bit more affordable. The CEO's of these big corporations make tens of thousands of dollars per hour. Live in nice luxurious homes, and have a lavish lifestyle. Whereas the workers, we struggle just to get by each and every day. Paying this increased wage will help us--especially as the cost of living in this city will only constantly rise as the Olympics grow closer and the city continues to build and expand.

Several times I have personally encountered signature gatherers and luckily I was informed enough to criticize them for giving me what I knew was false information. Unfortunately, too many people would not recognize the deception. So this petition must be discounted and removed from consideration.
