Subject: Reject Petition Corrupted by Deception and Other Misconduct  
Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

-----[OPTIONAL OR DELETE]-----  
Add your own story here of encounters of misleading or otherwise inappropriate behavior by signature gatherers

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy.

I was going to Ralphs Supermarket on 3rd and Vermont when an organizer approached me to sign a petition. I asked what it was for and they vaguely mentioned it had to do with the \$30 minimum wage for hotel workers. I told them that I supported the \$30 minimum wage and didn't oppose the legislation that was passed. They explained that this petition wasn't in opposition of the wage increase, that I was just signing to promote additional laws regarding hotel worker rights. I didn't have time to fully understand what they were saying and asked if there was back page that has the specific wording of what was being petitioned. I looked at the back of the last page on their clipboard and didn't see any proposition details. I took their word on what it was for and signed.

After reading online about deceptive practices, I looked up more info and saw that this petition was being presented falsely to a large number of people. What I'm sending you today is a request to remove my signature from the petition. I also urge you to penalize the people who pushed this petition without making sure signers were not deceived. I'm not sure who is directly at fault, but this problem seems to be so widespread that negligence seems less likely than knowingly defrauding voters.

I encountered someone outside my local grocery store who claimed that the referendum would increase wages, who shared contradictory and misleading documents in order to procure signatures for the petition, and who—egregiously—wore a UNITE HERE Local 11 t-shirt to suggest the union's support for this petition—even though Local 11 has vocally opposed this petition and the person gathering signatures told me he was not a member of Local 11. The entire conversation I had with him about the petition was confusing, misleading, and frankly anti-democratic. (He also made a nasty comment about the legitimacy of the service dog accompanying someone into the grocery store, apparently not noticing the person's prosthetic limb.)

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy. Please take this matter seriously and discard this illegitimate petition.

Subject: Reject Petition Corrupted by Deception and Other Misconduct  
Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

This is for the better of those who work hard to keep our airports safe in current times and in the future.

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy. Please take this matter seriously.

Sincerely,  
Benjamin Shepard
