Subject: Reject Petition Corrupted by Deception and Other Misconduct  
Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

-----[OPTIONAL OR DELETE]-----

Add your own story here of encounters of misleading or otherwise inappropriate behavior by signature gatherers

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy. Please take this matter seriously.

Sincerely,

Dear Los Angeles City Clerk,

I WAS LIED TO!!

There's multiple stories here on this Neighborhood thread about folks in my community being misled and outright LIED to about this petition; being told it would do the OPPOSITE of what it's meant to do (eg: will "raise" the wage when it's to revoke it!) ... please share?

I also personally witnessed signature gatherers lying to folks at the No Kids protest in downtown *Los Angeles* 6/14/25.

Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

As a concerned constituent, I am deeply troubled by credible reports of misconduct and misrepresentation by circulators of the referendum petition aiming to overturn Ordinance 188610, which increases wages, healthcare benefits, and training for hotel and airport workers.

It is alarming that some circulators have misled voters by falsely claiming the referendum would increase wages when, in fact, it would eliminate a scheduled wage increase. Even more disturbing are reports of violent behavior used to suppress public education efforts regarding the measure.

Moreover, it has come to my attention that Calop Aeroground Services, a local company, may also be involved in actions that do not align with the integrity of the referendum process. Such conduct, whether by circulators or associated parties, fundamentally undermines the democratic process and the trust of our community.

I urge you to disqualify any signatures obtained through unlawful or unethical means and to keep the measure off the ballot entirely due to the corrupted nature of the process.

I trust you will uphold democratic principles, safeguard public safety, and ensure that only fair and lawful petitioning efforts move forward.

Sincerely,  
Pablo Huerta

Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

-----[OPTIONAL OR DELETE]-----

Add your own story here of encounters of misleading or otherwise inappropriate behavior by signature gatherers

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy. Please take this matter seriously.

Sincerely,

I witnessed first hand circulators lying about what people were signing. I also saw them target non-english speaking people, thrusting the pen and petition in their face.

Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

Moreover, it has come to my attention that Calop Aeroground Services, a local company, may also be involved in actions that do not align with the integrity of the referendum process. Such conduct, whether by circulators or associated parties, fundamentally undermines the democratic process and the trust of our community.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been

I was downright lied to at the Pico train station in DTLA. The petitioner told me my signature would raise the minimum wage to \$30. When I read over the document and questioned the language used, I was told that while it didn't explicitly mention "\$30" that assuredly was key part of the bill. Being lied to like this by a paid petitioner like this erodes my trust in government and my own community members.
