Subject: Reject Petition Corrupted by Deception and Other Misconduct  
Dear Los Angeles City Clerk,

As a constituent, I am extremely troubled by the reports of brazen misrepresentation and violent behavior by circulators of the referendum petition seeking to overturn the ordinance increasing wages and healthcare benefits for hotel and airport workers and hotel worker training (Ordinance 188610). Circulators have claimed that the referendum would increase worker wages when it would actually eliminate a minimum wage increase.

The use of violence by circulators to prevent public education is unacceptable, and signatures obtained by misrepresenting the content of the petition do not represent the will of the voter. As the very petition process has been corrupted, we urge you to keep the measure off the ballot. At the very least, referendum petition signatures gathered by circulators who broke the law must be excluded.

Moreover, it has come to my attention that Calop Aeroground Services, a local company, may also be involved in actions that do not align with the integrity of the referendum process. Such conduct, whether by circulators or associated parties, fundamentally undermines the democratic process and the trust of our community.

I urge you to disqualify any signatures obtained through unlawful or unethical means and to keep the measure off the ballot entirely due to the corrupted nature of the process.

---

I trust in your commitment to upholding the integrity of the referendum process, public safety, and local democracy. Please take this matter seriously.

Sincerely,  
Simon Diaz
