Comments for Public Posting: I support the removal of the billboard. This gigantic billboard is the first thing visitors to our community see when they get off at the end of the freeway. The community has long urged its removal. The lot it sits on was acquired by the City for the express purpose of removing it. Please help beautify our community by removing this blight!

Comments for Public Posting: As a long term member of the San Pedro community, I wholeheartedly support Councilmember McOsker's Motion to remove the billboard at the end of the Harbor Freeway on Gaffey St. This is the entrance to San Pedro and it should not be commercialized. It is also an eyesore. Thank you. Liz Johnson

Comments for Public Posting: This absolute eyesore serving as part of the gateway to our community here in San Pedro has to go. NO ONE in our community wants to suffer this each time returning to our hometown. This obscures part of the San Pedro footbridge and the greenery as beyond in our welcome park. The attached PDF shows what we do not want to be part of our first impression to visitors.

Comments for Public Posting: I support Councilman McOsker's proposal to remove the billboard which stands near the Harbor Freeway's southbound exit onto Gaffey Street. It's ugly and has never provided information that I found helpful or that would appear to be of much help to others in the community. What drivers see as they exit the freeway there cannot help but color their impression of San Pedro. The city appears to have recognized this and has made a significant effort over the past few years to improve the appearance of the area around that exit -- including the new pedestrian bridge over Gaffey and creating a small park on the exit's southeast corner. Removing the billboard will be an important step in continuing that improvement. Please do it. The sooner the better. Thank you.

Comments for Public Posting: I am in favor of the removal of the bill board located on Gaffey Street near the 110 Freeway exit. The sign is an eyesore. The entrance to our City should have something more appealing and appropriate for the area. Thank you for reviewing and considering my comment.
