

ARTS, PARKS, HEALTH, AGING AND RIVER COMMITTEE REPORT relative to various actions regarding the Proposition K 8th Cycle Award and location of the Rose Hill Park - New Pedestrian Pathways and Walkways (aka ADA Walking Path Improvements Project).

Recommendations for Council action:

1. Find that the 8th Cycle Proposition K - L.A. for Kids Competitive Grant Proposal submitted by the Department of Recreation and Parks on April 26, 2012 for the Rose Hill Park - New Pedestrian Pathways and Walkways project inadvertently referenced the Rose Hill Recreation Center as the project site and that the intent was always that the project site be at Rose Hill Park.
2. FIND that the project approved for Proposition K funding is the Rose Hill Park - New Pedestrian Pathways and Walkways project.
3. AUTHORIZE Proposition K staff to revise the Proposition K administrative and assessment documentation, if necessary, to reflect that the project is the Rose Hill Park - New Pedestrian Pathways and Walkways project.

Fiscal Impact Statement: The L.A. for Kids Steering Committee (Steering Committee) reports that there is no immediate impact on the General Fund as a result of the recommended actions.

Community Impact Statement: None submitted.

Summary:

On February 9, 2015, the Arts, Parks, Health, Aging and River Committee considered a February 4, 2015 report from the Steering Committee relative to various actions regarding the Proposition K 8th Cycle Award and location of the Rose Hill Park - New Pedestrian Pathways and Walkways (aka ADA Walking Path Improvements Project). The Steering Committee reports that on April 26, 2012, the Department of Recreation and Parks submitted an 8th Cycle Proposition K Competitive Grant application which inadvertently referenced the Rose Hill Recreation Center as the project site, though the documents were proposed for the park. The Bureau of Engineering report, attached to the Council file, is meant to clarify that the project was always intended to be constructed at Rose Hill Park.

After providing an opportunity for public comment, the Committee recommended approval of the recommendations contained in the February 4, 2015 report, as reflected above. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

ARTS, PARKS, HEALTH, AGING AND RIVER COMMITTEE
