Item Number:

Summary: Whereas the area covered by the Northwest San Pedro Neighborhood Council contains diverse coastal and hillside habitats, with a broad range of marine and terrestrial wildlife species, diverse vegetation and associated endemic biodiversity, Whereas the residents of Northwest San Pedro respect and enjoy the biological diversity where they live, and expect and deserve to live in a biodiverse urban environment now and in the future, Whereas NWSPNC is located within CD15, a region with communities that live with significant environmental challenges, an area that continues to be a focus of industrial and residential development, and an area that has lost much of its historical coastal estuaries, marshlands and riparian habitats along with the associated high levels of species richness, Be it resolved, the Northwest San Pedro Neighborhood Council supports the passage of City Council File 15-0499. As a result of the passage of the motion, a "Biodiversity Department" has been created within the Dept. of Sanitation, and the department has submitted a report with recommended strategies to monitor, preserve, and enhance species biodiversity in the City of Los Angeles
