You seem to be hasty to change record schedules without review of practices.

Since LADWP governance will be determined by a Charter Amendment in the next election, we suggest that you table any changes to record destruction until that time. Historical records have been disposed of in the past. We know, we tried to save them and UC Berkeley was willing to take the collection.

City Administrative Officer is not the only department. LA Convention Center has their own. LADWP Governance Charter Amendment will add a CAO to that department.

Airports uses Piggyback Contracts, not yet accounted for as does LADWP.

You have not looked at Public Private Partnerships and the relationship to City Records.
