Honorable Committee Members:

**Board of Airport
Commissioners**

In August, 2015, the City Council considered a proposed Non-Exclusive License Agreement (NELA) to permit State-licensed Transportation Network Companies (TNCs) to pick up passengers in the Central Terminal Area at Los Angeles International Airport (LAX). At the time of consideration, the Council adopted a Committee report and amending motions that requested LAWA to report on a number of issues that would be of interest as TNC operations commenced at LAX.

Following an application period with each TNC, operations began at LAX with Lyft in December, 2015. UberX was approved in January, 2016. Now, with just under three months of full TNC operations at LAX, we are transmitting the attached status report responding to the issues raised by the Council.

Chief Executive Officer

We look forward to discussing these issues with your Committee.

Sincerely,

Deborah Flint
