Dear Councilmembers,

Please vote NO to vacation of the 20' City right of way surrounding the South Oval island property at 4211 East Blvd. coming back to council on April 21st, 2017.

Council File 15-0966 Vacation request VAC-E1401278

There was no community input to the City Engineer or the Public Works and Gang Reduction Committee prior to the vote of only two of the five committee members (3 Absent) moving it to the full council.

This is a prime example of "culture of speculation" where real estate interests are guiding the inherited owners of this property in hopes to change the zoning laws for a newly enlarged parcel to build larger and multiple houses.

These four island parcels were intended to be tree planted Neighborhood Parks for the enjoyment of all the residents of the area. This vacation would set a bad precedent despite an earlier vacation which till now remains a single story single family parcel.

Please save the soul of the Mar Vista Oval neighborhood originally known as "Palm Place" in the early 1900's

Sincerely,

Christopher McKinnon
