A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: The sidewalks in our district are in a sorry state, in urgent need of repair and expansion. Cracked sidewalks, lack of curb ramps, tree root protrusions, streets lacking sidewalks altogether, and other issues threaten the safety of our stakeholders; make our streets inaccessible for many, including but not only those with mobility disabilities; hurt businesses; make the City liable; and imperil the success of the coming Olympics in our area. This is especially true in the North Village, home to many UCLA students who walk to class and work. Unfortunately, the North Village lacks key infrastructure, with few painted crosswalks, missing curb ramps, poor sidewalk and road pavement conditions, two-way

stops with poor cross-traffic visibility, and numerous intersections that meet at acute angles. All of these factors contribute to an overall lack of safety and comfort for people who walk, bike, and drive there. For this reason, the North Westwood Neighborhood Council (NWWNC) supports any and all filed, pending, and future requests from stakeholders to fix, improve, and add sidewalks and curb ramps in our district, whether through the Safer Sidewalks LA (Willits settlement) Access Request Program, the Safer Sidewalks LA Rebate Program, or otherwise.
