Comments for Public Posting: Dear City Council, I am writing to OPPOSE this measure. I strongly disagree with the motion... because land-development projects should NOT be exempt from CEQA (CA Environmental Quality Act). We must ensure that all projects must adhere to State Law and Environmental Laws from local, state and federal. The Olympics should not be an excuse for overdeveloping public lands. The city council should vote no. We cannot allow this to happen without public input and environmental regulations.
